ANNUAL REPORT
ON
THE ADMINISTRATION OF
“SCHEDULED AREAS”
IN
MAHARASHTRA STATE
FOR THE YEAR
2010-2011

CONTENTS

Year 2010-2011

Sr. No.	Subject	Page No.
1	Introduction	III
2	Chapter I The Scheduled Areas and Scheduled Tribes in the State of Maharashtra	1 to 6
3	Chapter II Administrative Machinery for the Scheduled areas	7 to 23
4	Chapter III Tribal Sub-Plan and Implementation of Tribal Development Programmes 2010-2011.	24 to 76
5	Chapter IV Measures against Exploitation of Tribal	77 to 87

INTRODUCTION

1. To protect the interest of tribal, many safeguards are introduced and provided in the Constitution of India. As per 2001 Census, Maharashtra has a total tribal population of 85.77 lakhs. As per the Scheduled Area (Maharashtra) Order, 1985 the Scheduled Area is of 46531 sq.kms. over 12 districts, 16 towns and 5809 villages with 40% of tribal population having predominant population of 45 tribes including 3 Primitive Tribes. The boundaries of Tribal Sub Plan area are coterminous with the boundaries of Scheduled Area.
2. The Fifth Schedule to the Constitution of India while defining the Scheduled Areas elaborates the provisions with regard to their administration and control thereof. Paragraph 3 more specially enjoins on the Governor of each State, where there is Scheduled Areas in the State, to submit an Annual Report on the administration of Scheduled Areas in the State, to the President of Indian Republic.
3. According to the instructions and directions received from the Minister of State for Tribal Welfare, Government of India *vide* D.O. letter No. 18013 /3/86-TD (R), dated 15th January 1987 addressed to the Chief Ministers of the State and the views communicated thereon by this Government *vide* No. TRL-1087/CR-00/D-3, dated 12th January 1988, the Annual Report on the administration of the Scheduled Areas in the State has been prepared.
4. The present Annual Report for the year 2010-2011 has been compiled in the prescribed formats. This report includes details of the existing Administrative Machinery for the Scheduled Areas in Maharashtra.
5. The present annual report gives the conceptual background of the Scheduled Areas *vis-a-vis* the Tribal Sub-Plan (TSP) areas in the State. Further, it spells out the details of the sectoral programmes implemented under the core sectors such as agriculture, co-operation, education and public health, while providing the financial provisions and the expenditure incurred thereon during the period under reference. It further makes a schematic appraisal under key sectors of the economy in the Scheduled Areas.
6. Finally, it reviews the protective legislation enacted for ameliorating the socio-economic conditions of the Scheduled Tribes in the State.

CHAPTER - I

THE SCHEDULED AREAS AND SCHEDULED TRIBES (STs) IN THE STATE OF MAHARASHTRA

1. In pursuance of the provision of sub-paragraph (1) of section (6) of the Fifth Schedule to the Constitution of India the President of India declared certain areas in the State of Maharashtra as Scheduled Areas, vide (1) the Scheduled Areas (Part -A States) Order, 1950 and (2) The Scheduled Areas (Part-B States) Order, 1950. Subsequently the Government of India, Ministry of Law and Justice (Legislative Department) vide its Notification No.GSR-876, dated 2nd December 1985 notified the modified Scheduled Areas in the State of Maharashtra. The previously notified Scheduled Areas have by this notification been merged into the modified Scheduled Areas.

2. The Scheduled Areas of the State of Maharashtra are spread over 12 districts covering 50 Tahsils. These comprise of 5809 villages and 16 towns covering an area of about 46531 sq. kms.

3. According to the 2001 Census, the total Tribal population of Maharashtra State is 85.77 lakh. Maharashtra State ranks second in the country in relation to the total Tribal population, next to Madhya Pradesh.

	Total ...	46531	5809	16	118.89	43.08

The Scheduled Areas and the Tribal Sub-Plan (TSP) Areas

4. Earlier, even with the definition of the Scheduled Areas it was noted that deployment of funds for the development of these areas from the general plan programme was totally inadequate, as also with regard to the provision for the tribal population in general. It was therefore, decided to evolve a new strategy for the development of the Scheduled Areas. This led to the formulation of the Tribal Sub Plan.

5. In accordance with the guidelines issued by the Government of India, the State Government adopted the following criteria for identifying areas under the Tribal Sub Plan in the year 1975-76.

- (1) All villages in the Scheduled Areas (1950)
- (2) All Tribal Development Blocks
- (3) All Talukas having 50 per cent or more of tribal Population

(4) Villages or areas which can be constituted as pockets outside the abovementioned areas or which were contiguous to such areas and which together had a predominantly Tribal population and/or the inclusion of which in the TSP areas was administratively expedient.

6. The total Tribal population of Maharashtra is 85.77 lakh, out of which 43.08 lakh Tribal population live in the aforesaid Scheduled Areas and 42.69 lakhs, that is, 49.78% of the Tribal population lives outside the scheduled areas of the State.

7. Accordingly, the Government of India, Ministry of Law and Justice (Legislative Department) *vide* its Extra-ordinary Notification No. 80183, Part-II, Section 3, sub-section (1) No. 521, dated 2nd December 1985 under the Scheduled Areas (Maharashtra) Order, 1985 has declared the Scheduled Areas (these are now co-terminous with the Tribal Sub Plan areas) in the State of Maharashtra.

8. The State Government, however, felt that in addition to the above mentioned villages and Tahsils in 12 districts approved by the Government of India for inclusion in the Tribal Sub Plan areas, a large number of villages in the districts of Raigad and Gondia as also some additional villages in the districts of Chandrapur, Yavatmal and Pune should also be included in the Tribal Sub Plan areas. The State Government selected and declared 488 villages as additional Tribal Sub Plan (Additional Tribal Sub Plan) villages. The total population of the Additional Tribal Sub Plan areas comes to 5.64 lakh of which the Tribal population was 1.44 lakh.

9. The Government of India has also decided that a group of villages having total population of about 10,000 and if more than 50% population is tribal population, these villages should be brought under the Modified Area Development Approach (MADA). Similarly if two or three villages having total population of about 5000 and if more than 50% population is tribal population the same should be constituted into a Mini-Modified Area Development Approach Pocket.

10. There are 1528 villages with a total population of 10.68 lakh (out of which the tribal population is 5.84 lakh) included in the Modified Area Development Approach and Mini-Modified Area Development Approach Pockets. Some of the villages out of the Additional Tribal Sub Plan areas are included in the Modified Area Development Approach Pockets. Though, the Government of India declined to place these additional villages on the same footing as the main Tribal Sub Plan Areas approved by them, the State Government felt that the tribal's living in these Additional Tribal Sub Plan, Modified Area Development Approach and Mini-Modified Area Development Approach Areas also needed special attention as per with the Tribal Sub Plan areas. All the benefits available to the tribal in the Tribal Sub Plan areas as approved by the Government of India have been extended to the tribals of these Additional Tribal Sub Plan, Modified Area Development Approach and Mini-Modified Area Development Approach areas. A total of 2016 villages with a total population of 16.32 lakh of which the tribal population is 7.28 lakh now constitute Modified Area Development Approach, Mini-Modified Area Development Approach and the Additional Tribal Sub Plan.

11. Accordingly, at present, 5809 villages from 50 Tahsil of 12 districts, viz. Thane, Dhule, Nandurbar, Nashik, Jalgaon, Pune, Ahmednagar, Amravati, Yavatmal, Chandrapur, Gadchiroli and Nanded are approved by the Government of India for inclusion in the scheduled areas of the State. There are 5579 villages in the Tribal Sub Plan areas, 487 villages in the Additional Tribal Sub Plan area. 1203 villages in Modified Area Development Approach blocks and 295 villages in the Mini-Modified Area Development Approach blocks. As per the 2001 census, out of a total population of 968.79 lakh of the State, the tribal population is 85.77 lakh.

12. Out of the total Scheduled Tribes population of 85.77 lakh in the State 35.71 lakh (41.63%) population have been covered in the Tribal Sub Plan + Additional Tribal Sub Plan + Modified Area Development Approach + Mini Modified Area Development Approach areas. There are 50.06 lakh Tribals (58.36%) residing outside the Tribal Sub Plan, Additional Tribal Sub Plan, Modified Area Development Approach, and Mini-Modified Area Development Approach areas. All the Scheduled Areas are now covered under the Tribal Sub Plan areas hence there is no separate programme for the Scheduled Areas. The Tribal Sub Plan commenced functioning since 1976 under a separate Major Head under the various major development heads of the plan.

13. The President of India declares the Scheduled Areas under the provisions of the Constitution of the India. The existing Scheduled Areas have been modified so as to encompass the areas covered under the Tribal Sub Plan areas in the State. Thus, the Scheduled Areas and the Tribal Sub Plan areas has become co-terminous.

The Scheduled Tribes (ST) of Maharashtra

14. The First Presidential Order notifying the Scheduled Areas was issued in 1950. This was subsequently modified in 1985.

15. There are 45 Scheduled Tribes in Maharashtra. Only 15 tribes have more than one lakh population as per 2001 Census which are Andes (3,72,875); Bhils (18,18,792); Gonds (15,54,894); Halba Halbi (2,97,923); Kathodl Katkaris (2,35,022); Kokna (5,71,916); Kolam (1,73,646); Koli Dhor (1,70,656); Koli Mahadeo (12,27,562); Koli-Malhar (2,33,617); Korku (2,11,692); Pardhan (1,26,134); Pardhi (1,59,875) Thakurs Thakar, (4,87,696); and the Varli (6,27,197). The other tribes which have a population of less than one lakh but more than 10,000 are the Dhanka Tadvi (45,741); Dhanwar (20,120); Dhodia (9,636); Dubla (17,017); Gamit (86,776), Kawar (Kanwars) (23,365); Naikda (Nayakas) (27,786), Orana (Dhangars) (28,921); Generic Tribes etc. (20,786)

16. The S.Ts living in the inaccessible areas have managed to maintain their cultural heritage through centuries of seclusion. Their characteristics, tribal dances and folklore are a part of their heritage. Their main occupations are agriculture, cattle rearing, wood cutting, collection of minor forest produce and selling these in the nearby markets. These different Tribes have different historical backgrounds, cultural traits, dialects and dress, etc. Out of the above mentioned tribal communities, the 'Katkaris' in Raigad and Thane districts, the 'Kolams' in Yavatmal and Nanded districts and the 'Madia Gonds' in the Bhamragad area of Gadchiroli District have been declared as 'Primitive Tribes' by the Government of India and Central Sector Assistance sanctioned every year by the Government of India for the development of these Primitive Tribes

Districtwise total and tribal population as per 1981, 1991, 2001 census of Maharashtra State is as follows:—

Sr.No.	District	(In thousands)

CHAPTER - II

ADMINISTRATIVE MACHINERY FOR THE SCHEDULED AREAS

Many developmental schemes - both infrastructural and individually benefit-oriented schemes are taken up under the Tribal Sub Plan. Most of the schemes are implemented by the concerned administrative departments of Government. For instance the scheme of construction of roads in the tribal areas is implemented by the Public Works Department. The Tribal Development Department (TDD) works as the nodal agency for all developmental works in the Tribal Sub Plan areas. The main role of the Tribal Development Department (under the Tribal Sub Plan) is co-ordination and monitoring. The Tribal Development Department is also responsible for budget control, grant of administrative approval, review and formulation of the policy for developmental works in the above sectors and areas.

ADMINISTRATIVE ARRANGEMENTS FOR THE TRIBAL SUB-PLAN

1. Tribes Advisory Council (TAC) :

The Chief Minister and Minister for Tribal Development are respectively *ex-officio* Chairman and Vice Chairman of the Tribes Advisory Council. Its main function is to advise the Governor of the State on important matters concerning tribal development and to decide on policy matters pertaining to the Tribal Development Department

2. Cabinet Sub-Committee for the Tribal Sub-Plan.

At the State Level there is a Cabinet Sub-Committee for the Tribal Sub Plan headed by the Chief Minister. This Committee is required to approve the formulation of the Tribal Sub Plan, supervise its implementation, and consider all the aspects for its successful and rapid implementation as well as monitoring of the Tribal Sub Plan.

3. Administrative Set-Up of the Tribal Development Department.

Earlier the field machinery of the Tribal Development Department was divided into two streams, *viz*, one under the Director of Tribal Development and the other under the Additional Tribal Commissioners (ATCs). This was not very effective. It had become necessary to reorganize the set up of the field machinery with a view to bringing it under a single line of command and thereby ensure smooth and effective working. The State Government therefore reorganized the field machinery of the Tribal Development Department *vide* GR. No. EST-1089/CR. No. 799/D-15, dated 15th January, 1992. The salient features of the new pattern are as follows :—

(1) The Directorate of Tribal Development was upgraded to a Commissionerate of Tribal Development with headquarters at Nashik and for that purpose the post of the erstwhile Director of Tribal Development was upgraded to that of Commissioner in the super time scale of the Indian Administrative Service (IAS).

(2) With the setting up of a separate and independent Commissionerate of Tribal Development, the Secretary to Government in the Tribal Development Department has been left free to attend to Secretariat functions and has been relieved of field duties which he was earlier required to perform as Secretary-cum-Commissioner.

(3) The offices of the Deputy Directors of Tribal Development at Nashik and Nagpur have been respectively merged into the Offices of the Additional Tribal Commissioners at Nashik and Nagpur.

(4) In addition to the post of Additional Tribal Commissioner at Nashik and Nagpur, two new offices of Additional Tribal Commissioners have been started at Thane and Amravati respectively by redesigning and transferring the two posts of Joint Commissioner, Tribal Development of earlier Commissioner of Tribal Development and the monitoring cell of Commissioner's office.

(5) The Offices of the Tribal Development Officers have been merged into the Offices of the Project Officers (POs), Integrated Tribal Development Projects (ITDPs).

(6) The Commissioner has been declared as Head of the Department and the four Additional Tribal Commissioners as Regional Heads.

(7) The Additional Tribal Commissioners and the Project Officers are required to attend to the work pertaining to tribal development including implementation of the schemes run by the Tribal Development Department such as Ashram Schools, Hostels, etc., as also to monitor the schemes under the Tribal Sub Plan implemented by the other departments.

(8) Again in November 1993 it was decided that 11 posts of Project Officers in sensitive projects should be upgraded, and filled from among the officers belonging to Indian Administrative Service and Indian Forest Services. The idea behind the Integrated Tribal Development Projects, was that various plan schemes and services should be integrated at the block level. The Project Officers of Integrated Tribal Development Projects did not have, overall powers of supervision and administrative control over the block level machinery of the other departments. Consequently, there has been a lacunae in proper integration of services and supervision with accountability at the block level. To remove these lacunae the Government selected 11 sensitive Integrated Tribal Development Projects and appointed Indian Administrative Services and Indian Forest Services officers and they have been declared, as Additional Collectors and Additional Chief Executive Officers of the concerned Zilla Parishads (ZPs). They have been given some of the powers that have been given to Collectors and Chief Executive Officers of the Zilla Parishads. The list of the Integrated Tribal Development Projects where Indian Administrative Service and Indian Forest Services officers, were to be posted is given below :—

Sr.No.	District	ITDP	Taluka
1.	Thane	Jawahar	Jawahar and Mokhada
2.	Thane	Dahanu	Talasari
3.	Nashik	Nashik	Peth
4.	Nashik	Kalwan	Surgana
5.	Nandurbar	Taloda	Akrani and Akkalkuwa
6.	Nanded,	Kinwat	Kinwat
7.	Amravati	Dharni	Dharni
8.	Amravati	Chikhaldara	Chikhaldara (This has now been merged with the post of PO, Dharni and the ITDP at Pandharkawada, District Yavatmal up graded and the PO's post shifted there)
9.	Gadchiroli	Gadchiroli	Dhanora and Kurkhede
10.	Gadchiroli	Bhamragad	Etapalli
11.	Gadchiroli	Aheri	Aheri and Sironcha

(9) In March-1995 two posts of Deputy Commissioners in the Tribal Development Commissioner's Office have been upgraded and declared as Joint Commissioners (JC), Tribal Development, in the grade of Pay Band 12000-16500. In order to have proper supervision, monitoring, etc. These posts have been created for collecting various types of information from the Integrated Tribal Development Projects and other departments implementing various schemes in the Tribal Sub Plan areas. The posts of Joint Commissioners have also been created so that the departmental officers who would otherwise have no chance for further promotion have an avenue of promotion.

(10) Thus the new set up aims at achieving a single and unitary line of command attending to the functions of Tribal Development as a whole. The new set up has abolished the functional distribution of work between the field organisations and is expected to go a long way in achieving development of tribal areas.

Project () Each of the Additional Tribal Commissioners has the following territorial Jurisdiction :-

Name	Jurisdiction	ITDPs	Nos.
A.T.C., Thane	Konkan Revenue Division (Mumbai, Thane, Raigad, Ratnagiri and Sindhudurg districts) and Pune Revenue Division (Pune, Solapur, Satara Sangli and Kolhapur district).	Shahapur, Dahanu, Jawahar, Pen, Ghodegaon and Mumbai for the OTSP)	06
A.T.C., Nashik	Nashik Revenue Division (Nashik, Ahmadnagar, Dhule, Nandurbar and Jalgaon district)	Nashik, Kalwan, Rajur, Nandurbar Taloda and Yawal	06
A.T.C., Amravati	Aurangabad Revenue Division (Aurangabad, Jalna, Beed, Latur, Osmanabad, Parbhani and Nanded districts) and Amravati Revenue Division (Amravati, Hingoli, Yavatmal, Akola, (for the OTSP) Washim and Buldhana districts)	Kinwat, Pandharkawada, Dharni Aurangabad and Akola	05
A.T.C., Nagpur	Nagpur Revenue Division (Nagpur, Bhandara, Wardha, Chandrapur, Gadchiroli, Gondiya districts).	Nagpur, Deori, Chandrapur, Chinur, Gadchiroli, Aheri and Bhamragad.	07

DEPARTMENT AT MANTRALAYA LEVEL-SECRETARIAT

The Tribal Development Department is headed by a Cabinet Minister who is assisted, by a Minister of State.

The main functions of the office of the Secretariat are State level co-ordination and monitoring of the Tribal Sub Plan and supervision of the implementation of various schemes by the Integrated Tribal Development Projects. Since the year 1993-1994 the preparation of the Tribal Sub Plan is done by the Tribal Development Department.

Commissioner Level

The main function of Commissioner of Tribal Development of State level for co-ordination and monitoring of the Tribal Sub Plan, control over the offices of the Additional Tribal Commissioners, the Project Officers of Integrated Tribal Development Projects with the assistance of Joint Commissioners.

Divisional Level

The four Additional Tribal Commissioners assist the Commissioner, Tribal Development. Their main responsibility is regional co-ordination and monitoring and implementation of departmental Schemes.

The Tribal Development Department (BC) Welfare Sector pertaining to implements the schemes under Backward Class. These schemes primarily relate to tribal education (Ashram Schools, Hostels for Scheduled Caste boys and girls, grant of scholarships, tuition fees, etc.) the schemes of economic upliftment (supply of tractors and oil engines to tribal cultivators) and training programmes such as pre-recruitment training and motor driving training centers.

The Divisional Commissioners of the six Revenue Divisions of the State are responsible for implementation of the Tribal Sub Plan programs in their respective regions. They guide and direct the Collectors and Chief Executive Officers (CEOs) of the Zilla Parishads in their respective divisions in the matter related to tribal development.

DISTRICT LEVEL

District Planning and Development Councils

The State Government adopted a policy of balanced development on the basis of the district as the unit of planning and formulation of plans on the basis of which five year and annual plans could be formulated. Accordingly, since 1974 District Planning is being implemented in the State, For proper implementation of this District Planning, the District Planning and Development Councils (DPDCs) have been constituted in every district. Every district has a Minister/Minister of State for the purpose of ensuring the proper development of the districts. These Ministers are called District / Guardian Ministers. The District Planning and Development Councils of the district are headed by the District Minister. Any other Minister(s) elected from the district are Joint Chairmen and the Divisional Commissioner is the Vice-Chairman. The District Planning and Development Councils also consists of all elected members of the Zilla Parishads, one President from the Municipal Councils, and a representative of the lead Banks are also members of the District Planning and Development Councils. The Collector of the district is the Member-Secretary of the District Planning and Development Councils. The District Planning and Development Councils have been mainly entrusted with the function of formulating district plans and monitoring the implementation of district level schemes in the districts. They have also been given powers for reappropriation of funds for district level schemes subject to certain overall guidelines from Government.

In order to ensure public participation in the planning, implementation and monitoring of the schemes for tribal development at district level, Special Executive Committees have been constituted under the District Planning and Development Councils in the 14 tribal districts. These Committees consist of the District Guardian Minister as Chairman and all the tribal MLAs, MLCs with the Additional Tribal Commissioner as Vice-Chairman. The Collector of the District, functions as the Member-Secretary of the Committee and the Project Officer of the Integrated Tribal Development Project is the Joint-Secretary. The Presidents of the Zilla Parishads and the Chairman of the Tribal and Social welfare committee of the Zilla Parishad are members of the Committee. The Committee is expected to meet once in a Quarter and review and monitor the implementation of the schemes taken up under the Tribal Sub Plan.

There is no separate full time district level officer of the Tribal Development Department for implementation of Tribal Sub Plan Schemes, apart from the District Officers of the various Departments who are implementing the schemes of Tribal Development Department. However, the Collectors of the districts and Chief Executive Officers of the Zilla Parishads are designated as *Ex-Officio* Additional Tribal Commissioner. In this capacity, the Collector is responsible for overall supervision of the implementation of the schemes for tribal development in their district. The Chief Executive Officers of the Zilla Parishads are responsible for implementation of the schemes under the local sector, which are mostly with the Zilla Parishads. For proper and effective co-ordination, the Project Officer's of the Integrated Tribal Development Projects are assisted by the Additional Tribal Commissioners.

Project Level

At the Project level, there is a Project Level Implementation Committee (PLIC) under the Chairmanship of the local MLA. The Additional Tribal Commissioner is the Vice-Chairman, Chairman of the Panchayat and tribal persons nominated by Government are members, while the Project Officer is the Member-Secretary of this Committee. All the Implementing Officers are members. This Committee is required to meet every month and review the progress of Tribal Development Schemes.

The Project Officer is the implementing officer in so far as the Backward Class Welfare Sub-Sector of the Plan is concerned. He has to implement the schemes of Ashram Schools, running of Government Sanctioning of Government of India Scholarships, motor-pumps and oil engines, etc. He also has to perform the following duties in his project areas :—

- (1) Registration and sponsoring of candidates with various agencies for employment;
- (2) Sanction of tuition fees and examination fees under the Government of India Scholarship Scheme;
- (3) Preparation of various schemes under the Special Central Assistance (SCA) Scheme;
- (4) Preparation of various types of reports of the project and monitoring / co-ordination of the project by the implementing officers of the various departments in the project area;
- (5) Preparation of the annual Tribal Sub-Plan;

(6) to help the Tribal Research and Training Institute in evaluating the various schemes implemented in the Project;

(7) to help the Tribal Research and Training Institute staff in Bench Mark Survey work;

(8) to provide employment to the tribals in the project area by way of Employment Guarantee Scheme (EGS) works; and

(9) to propagate various schemes implemented in the project with the help of the publicity unit attached to the project.

THE TRIBAL RESEARCH AND TRAINING INSTITUTE (TRTI), MAHARASHTRA STATE, PUNE

INTRODUCTION :

1. Year of Establishment, Status and Organizations of the Institute.

The Tribal Research & Training Institute, Maharashtra State, Pune was established on 1st May 1962. The Institute is working under the Government of Maharashtra and has been providing the Tribal Development Department of Maharashtra necessary support in terms of research and capacity building and is functioning as a knowledge and information hub in the state for all those interested in Tribal affairs. It has a Tribal Museum and a Cultural Unit that is engaged in preservation and propagation of Tribal culture.

The Institute is headed by Commissioner. He is assisted by Joint Director and Dy. Director (I.A.D.P.), apart from training, research and ministerial staff. Eight Scheduled Tribe Certificate Scrutiny Committees are also working under the Commissioner for Validation of Caste Certificate issued to the tribals. The Institute has a Governing body headed by the Hon. Minister of the Tribal Department.

The Institute supports a subsidiary to institution named The Maharashtra Tribal Empowerment Society which undertakes capacity building and development works for the 45 scheduled tribes notified in Maharashtra and also provide positive interface to those studying tribal issues.

2. Objectives of the Institute

- To conduct basic as well as applied research on tribal related issues.
- To take up evaluation of various schemes aimed at Tribal Development and Welfare.
- To impart relevant training to different levels of personnel in the tribal development.
- To provide building opportunities to the Tribals.
- To develop and maintain knowledge base related to the tribes and Tribal development.
- To preserve and propagate the culture, heritage and traditions of Tribes
- To disseminate information about the Tribes and their indigenous knowledge and skills.

3. Infrastructure and facilities

The Institute has three storey building having two training / conference halls. There is a hostel for 30 trainees. The Institute has one mini-bus to provide transportation facilities to the trainees.

Library – It has a well equipped library consisting of books on various subjects like Anthropology, Sociology, Economics, Law, Computer Science, General Encyclopedia, etc. The library has books required for competitive examinations also and subscribes to periodicals relevant in the areas of tribal development. In total there are about 21,000 books in the library. The library is visited by a number of Research scholars and Post Doctoral Fellows as reference library.

A Bi-annual Tribal Research Bulletin is published by the Institute, since 1979 onwards. In the year 2010-2011 this institute has published September, 2010 Bi-Annual publications.

I.T. – The institute has a separate computer unit with a Server working for this institute and also for the eight Scrutiny committees. A Software for online dissemination and monitoring of cases decided by the Caste Scrutiny committees is in place.

The institute has a website (<http://trtimah.gov.in>) of its own with e-governance friendly features like notice board, Right to information sections, FAQs section etc.

This institute got National Award on e-governance, Silver on Use of Geo- informatics in Implementation of Forest Rights Act, 2006 in Maharashtra State under the category Exemplary Re-Use of Information and Communication Technology Solution.

4. Staff and Faculty strength :

The Government has sanctioned 66 posts of different cadre for the institute to undertake research, evaluation, training and related activities. The Government has also sanctioned 210 posts of different cadre for the eight Caste Certificate Scrutiny committees working in various part of the state. The TRTI provides support to the Committees in terms of provision of ethnographic details as well as other relevant information and data about the tribes while it simultaneously has the verification details compiled by the committees. Research Officer for updating records. The officers and staff with the qualification of Anthropology, Law, Social work, Statistics, Accounting, Cameraman for photography and film making, Artist cum Sculptor, Curator and also those with enormous field experience provide valuable support to meet the objectives of the Institute.

5. Training :

The Institute has been conducts different training programmes for effective implementations of the schemes in short period.

In-service training programme

Since 1970, the institute has been conducts in-service training programmes. It includes providing them with necessary facilities and opportunities to acquire knowledge, develop skills and cultivate attitudes, behavior and habits for the efficient and effective discharge of their duties and responsibilities.

The aims and objectives :

1. To update the knowledge of the participant working in the Tribal Development Department.
2. To update the knowledge of rules and procedures of service condition.
3. To assist the trainees in better performance of their duties with the maximum degree of efficiency at the minimum cost.

Other training programme :

(A) Training Programmes for competitive examinations

The Government of Maharashtra has recognized that there is backlog of tribal community in different Government Departments. To eradicate the problem, this institute has been conducting training programme for different competitive examinations which are being conducted by Maharashtra Public Service Commission and other recruitment boards. It includes guidance for not only written examination but also for interview techniques.

The main aims of the programme :—

1. To extend full information and the nature of competitive examination which are being conducted by Maharashtra Public Service Commission and other recruitment boards.
2. To motivate the tribal youths for appearing different competitive examinations.
3. Provide the guidance by experts about the syllabus of general competitive examination.
4. To acquaint the tribal candidate with practical guidance for personal interview techniques.

(B) Training programme for tribal youths

The institute also conducts youth leadership training programmes for tribal youth in tribal sub p areas all over the state. Intention of this programme is to give the publicity of different schemes for tribal by the Government of Maharashtra. It provides platform for the authorities and the beneficiaries.

Aims and objectives of the training programme :—

1. To update the knowledge of the trainees about different schemes of tribal welfare.
2. To motivate them for taking advantage of different schemes this may be helpful in ameliorate their socio-economic conditions.
3. To motivate them for accepting new technology in agricultural production.
4. To motivate them for further education of tribal youth

Training programmes

During the year 2010-2011 the institute has conducted total 159 training programmes; out of which 150 training programmes are for in-service, 5 training programmes for competitive examinations and 4 Leadership Programmes. Total 6220 participants have got benefit of it.

In-service training programmes		Other training programmes		Total training programmes	
No. of training programmes	No. of trainees	No. of training programmes	No. of trainees	No. of training programmes	No. of trainees
150	5394	29	1126	159	6520

Special Training Programmes

Tribal Research and Training Institute also conducted the ten days Special Training Programmes for all Primary, Secondary and Higher Secondary Teachers, and other staff of all Ashram Schools of all over Maharashtra. 3448 in service persons were trained through this special drive.

Research / Evaluation and Survey Projects

The Institute conducts applied and evaluation research on various problems of Tribal people. The projects are suggested either by the Central Government or by the State Government. Some of the research projects are initiated by the institute on its own. As decided by the Governing Council, the priority amongst the research projects is fixed up in the following order.

- I. The subjects assigned by the Government of India.
- II. The projects suggested by the State Government.
- III. Subjects selected at the institute level.

The project reports prepared by the institute have been proved to be of immense help to the Government for both, policy making and formulating suitable schemes.

The position of the evaluation study/surveys undertaken by the institute in the year 2010-2011 is as follows :

Sr. No.	Name of the Subject of Survey	Status
I	Evaluation Study of the "schemes Construction of Gharkul to Tribal beneficiaries".	Survey and tabulation work completed. Report under progress.
II	Evaluation Study of progress of tribal students residing in the hostel of Sanjeevani Vidyalay for education in Panchgani of Tahsil Mahabaleshwar, Dist. Satara.	Survey and tabulation work completed. Report under progress.
III	Evaluation Report of the scheme supply of water through tap implemented by Zilla Parishad to Ashram School Complex.	Survey and tabulation work completed. Report under progress.
IV	Evaluation of benefits accrued due to supply of Oil Pump/ Electric Pump/H.D.P.E. Pipes to Tribal beneficiaries.	Survey and tabulation work completed. Report under progress.

Revised proposals of 26 MADA pockets and 9 Mini MADA pocket of 12 District of Maharashtra has been submitted to Government of Maharashtra for necessary action.

RESEARCH FELLOWSHIPS

A. State Government Research Fellowship :

The Government of Maharashtra has awarded Research Fellowship to two research scholars every year on the basis of Central Government Research Fellowship. The fellowship is awarded with a view to encourage in-depth study of the process of socio-economic change in the tribal areas of tribal communities particularly in the wake of new development efforts.

Selected research scholars are awarded fellowships of Rs. 2,800 per month and contingency grant of Rs. 10,000 per year. The tenure of fellowship is two years, which can be extended by one more year in deserving cases.

B. Central Research Fellowship:

Under the Centrally Sponsored Scheme of research and training the Ministry of Tribal Welfare awards fellowships annually for Doctoral and Post Doctoral courses on Tribal Development.

The Government of India awards two scholarships Rs.2800 per month for Doctoral and Rs.3200 per month for Post Doctoral fellowship. The contingency grant of Rs. 10,000 per annum is also provided to these scholars. The tenure of these fellowships is generally of two years, which can be extended by one year more in deserving cases.

In the year 2010-2011 no fellowship from Maharashtra State was awarded by the Central Government.

8. Tribal Cultural Museum and Cultural Unit

Various schemes for the preservation of Art and Culture have been implemented by the Tribal Research and Training Institute.

They are :-

(1) State Level Tribal Handicraft Exhibition

To promote and develop the tribal art and culture, the institute organises State Level Tribal Handicraft Exhibition every year. Tribal artisans get a chance to display their art forms as well as earn money. The tribal artists from all over Maharashtra are invited to participate in the exhibition. Each Participant has got benefit of T.A., D.A. and accommodation. T.R.T.I. makes arrangements for exhibition venue.

In the year 2010-2011 the exhibition was organized from 12th January 2011 to 16th January 2012 in the premises of Tribal Research and Training Institute, Pune. 70 artists from all over Maharashtra were invited to participate in the exhibition. Out of that 56 artists participated.

The exhibited articles were handicrafts wooden articles, bamboo work, warli paintings, paper mached masks and herbal medicines. The total sale was of Rs. 5.50 lakh.

(2) Warli Painting Competition

Warli painting competition is organized every year for Warli and Malhar Koli artists from Thane district. The competition is held in two parts i.e. for adults and for Warli and Malhar Koli students in Thane district. They are given painting material like cloth, colours and brushes. They are also given T.A., D.A. (for one day), cash prizes and certificates.

(3) Tribal Dance Competition

To keep the traditional dancing alive, the Institute organises dancing competition at the project level through the Project Officers at I.T.D.P. areas. The participants from dance groups are given T.A., D.A. cash prizes and certificate. In the year 2010-2011, funds were released to 20 project offices to organise Tribal Dance Competitions. 15 project offices have taken the benefit.

(4) Tribal Cultural Festival

The Government of India sanctioned the Institute Rs. 6.00 lakh to organize Tribal cultural festival in Maharashtra. This festival was organized from 08th January 2011 to 10th January 2012. 62 tribal artists and 9 tribal dance groups participated in the festival. Film show of the films produced by Tribal Research and Training Institute was also the part of the festival.

(5) Production of Documentary Films

This institute produces the documentary films on the tribal art and culture. Upto the year 2010-2011 this institute has produced 85 documentary films on development, art and cultural aspects of tribal's in Maharashtra. This year funds are released to F.T.I.I. to produce 3 documentaries. This work is under progress.

(6) Tribal Cultural Museum

The tribal cultural museum was established in the year 1964-65. The various sections of the tribal handicrafts such as ornaments, musical instruments, mask, warli paintings and agricultural implements are organized in different rooms. Traditional Adivasi Huts are also displayed in museum. There are 1,350 artifacts displayed in the museum. The museum is renovated this year.

VERIFICATION OF SCHEDULED TRIBE CASTE CERTIFICATE

There are eight Caste Scrutiny Committees for Scheduled Tribes located at Pune, Nasik, Nagpur, Thane, Amravati, Gadchiroli and Nandurbar.

Any person desirous of availing of the benefit or concessions provided to the Scheduled Tribes can make an application for verification of Caste Certificate issued to him by the competent authority. Scrutiny Committee has an appellate authority against the order of rejection of the competent authority authorised to issue certificate.

The performing of eight Scrutiny Committees in the year 2010-2011 is as follows:—

No. of cases received in the year 2010-11	Total cases	No. of cases disposed of in the year 2010-11				Transferred to other committees	Total
		Valid	Invalid	Remand	Closed		
49,369	80,286	41,266	625	0	679	-	42,570

MAHARASHTRA STATE CO-OPERATIVE TRIBAL DEVELOPMENT CORPORATION (MSTDC), NASHIK (TDC)

MSTDC was registered in 1972 as a General Society under Section 12(1) of Maharashtra State Co-operative Societies Act, 1962. Its ownership is vested in Government of Maharashtra in the Social Welfare Department. Subsequently with the creation of the separate department of Tribal Development in the year 1977, the TDC came under the administrative control of the Tribal Development Department. Thus TDC came into existence and was implementing the programmes for the tribal welfare much before the creation of its own department.

(1) Historical perspective:

The TDC was originally created with the modest objectives of running of its own account primary units supplying food-grains and other articles of daily use. Along with this it was entrusted the task of managing the Government Ashram Schools established for tribal children in 1977-78. However, the Corporation's responsibilities swelled. During the year the monopoly purchase of agriculture produce and minor forest produce from the Tribals was declared and the TDC was to address the assignment of running this scheme as the "Chief Agent" of the Government under the Maharashtra Tribal's Economic Condition [Improvement] Act, 1976. In the following year the Corporation became the agent of Government Consumption (Khavati) Finance Scheme, the Support Scheme in the Tribal areas for the Food and Civil Supplies Department. In 1980-81 the management of Ashram Schools was taken away from TDC and handed over to the Directorate of Tribal Development, now Tribal Commissionerate specifically created for this purpose. But supply of food grains and other requirements of the schools were with TDC. In the same year i.e. 1981 the scheme of installation of electric Motor pump and Oil Engines on wells of the tribal farmers was entrusted to the TDC. In 1981-82 it was further yoked to the Nucleus Budget Scheme under which the Corporation was charged with the responsibility of advancing loans to tribals' entrepreneurs wherever institutional finance was not forthcoming. The Nucleus Budget was discontinued in the year 1992 and instead the TDC was required to prepare and implement relatively high cost and viable scheme for the individual tribal as a channelising agency of the National Scheduled Caste and Scheduled Tribes Finance and Development Corporation (NSFDC). In the year 1993 the additional schemes from Government in Food and Civil supplies Department were transferred to the TDC. These schemes were Doorstep Delivery Scheme and the rural food down scheme under the Prime Minister's Revamped Public Distribution System Programmes. TDC was given the task in 1994 of providing the drinking water supply scheme in the Government Ashram School where the potable drinking water was not available.

TDC has thus traveled a long way from its days of moderate activity to the transactions of work of considerable magnitude from a modest turnover of Rs 4.77 lakh in 1972 it now has turned over its activities to more than Rs. 130 crores in the year 1998-99.

Maharashtra State Co-operative Tribal Development Corporation Limited, Nashik.

1. Establishment

The Maharashtra State Co-operative Tribal Development Corporation Limited, Nashik has been established in the year 1972 for the economic development of tribals in Maharashtra State as per provision in Article 16 of the Indian Constitution.

2. Objectives and Aims

1. To work as an effective implementing agency to extend welfare programme of the State Government for the tribal in the State of Maharashtra.
2. To Act as an effective agency to prevent economic exploitation of Tribal farmers, artisans and labourers.

Sub-Committee of the Board :**(i) Executive Committee :**

There is an Executive Committee of 11 Directors as per Bylaws No. 57 to the implementation of the Corporation and to undertake works as are assigned to by the Board of Directors.

(ii) Business Committee :

The committee comprising of 5 directors reviews various business transactions of the Corporation and is required to frame the related policy from time to time.

(iii) Staff Welfare Committee :

Comprising of 4 directors, the formulation of staff welfare policies.

(iv) Sub-Regional Advisory Committee :

Established at each sub regional level of the Corporation under the Chairmanship of the elected directors to advise the affiliated societies of the area. The procurement operations of the Corporation at the Sub Regional level.

The creation of Business Committee, Staff Welfare Committee and sub regional advisory committee was found necessary in order to make the deliberation in the Board of Directors more purposeful as the directors could be conversant with the ground realities of the Corporation.

Administrative Structure:**(a) Head Office :**

(i) The activities of the MSCTDC overseen by the Head Office at Nashik. The Managing Director is at the apex of the administrative pyramid, exercising overall control. In the Head Office, he is assisted by three General Managers, each heading one of the three wings namely, Administration, Marketing and Finance. In addition a General Manager for the Gondwana Region has been placed at Nagpur for better supervision of distant areas.

(ii) At the field level there are nine Regional Offices and 35 Sub Regional Offices situated at the following places:

Sl. No	Regional Office	Sub Regional Offices
1	Nashik	Peth, Dindori, Ghoti, Surgana, Kalwan
2	Nandurbar	Nandurbar, Navapur, Pimpalner, Dhadgaon, Taloda, Shahada, Yawal
3	Jawhar	Jawhar, Mokhada, Shahapur, Palghar, Kasa, Manor
4	Junner	Ghodegaon, Rajur
5	Bhandara	Navegaonbandh, Deori, Ramtek
6	Chandrapur	Chimur, Gondpimpari
7	Yeotmal	Pandharkwada, Kinwat, Kalamb
8	Gadchiroli	Ghot, Kurkheda, Dhanora, Aimori, Korechi
9	Dharni	Dharni, Chikhaldhara
10	Aheri	Aheri

Under the 10 Regional Offices there are 35 Sub Regional Offices. The Managing Director is an officer of the I.A.S. cadre/ level and is on deputation by the Government. The General Managers is a senior Class-I officer. The Regional Managers are equivalent to the Junior Class-I officers. They are supported by subordinate staff at various levels. There are in all 1391 employees as per the staffing pattern of the Corporation sanctioned vide G.R. No PSA/1086/C.N. 24/D-3, dated 12th May 1986.

The employees of the Corporation are eligible to draw the same pay scales and emoluments as are applicable to Government servants of similar grade and cadre. Presently the Management Subsidy to the extent, establishment and office expenses is being provided by Government vide its order No. TDC/1077/13733/XXIV (II), dated 6th February 1982.

I. MONOPOLY PROCUREMENT SCHEME :

The MSCTDC was originally created with the modest objectives of running on its Own account Primary Units for supplying food grains and other articles of daily livelihood to the tribals. Alongwith this, it was entrusted the task of MSCTDC, as agent to Government. Ashram Schools established for tribal children.

The activities mentioned above as initially entrusted to TDC had preliminary and very limited impact far as direct welfare of the tribals was concerned. Needless to mention that the State Government has therefore taken a conscious decision to implement such programmes which shall motivate improvement economic condition of these down trodden sector of our society in true sense.

To translate this goal into a reality a major anti-exploitative law for the tribals was enacted in the State of Maharashtra. This is called the "Maharashtra Tribal's Economic Conditions (Improvement) Act, 1976"

The Act primarily envisages prohibition of (1) lending by private agencies and (2) Marketing of certain agricultural and minor forest products in the Tribal Sub Plan Areas by any other agencies except those notified by State Government from time to time. As per the provision of the said Act a "Monopoly Procurement Scheme" has been applied in the Tribal Sub Plan Area of Maharashtra State and for its successful implementation MSCTDC has been appointed by the State Government as its Chief Agent. Since 1978-79 this Corporation has been working as Chief Agent of the State Government to implement Monopoly Procurement Scheme as well as Consumption Finance.

Notified Commodities :

At the moment the Monopoly Procurement Scheme covers 73 tehsils in the Tribal Sub Plan Districts of the State of Maharashtra. *Vide* Government Notification No. TDC/1094/ 26942/CR 105/Desk-III(I), Mumbai dated 18th May 1996 total 21 Agricultural and 31 Minor Forest Produce items have been specified for procurement under Monopoly Procurement Scheme. Only such notified items are procured by TDC under the said Scheme. The list of notified agricultural and minor forest produces (M.F.P.) commodities is enclosed.

Procurement Operation Method :

In 1977-78 total seven tehsils were taken up for the implementation of the M.P. Scheme on a pilot basis. Taking into account the huge response from the tribals the jurisdiction of the network of the scheme was widened gradually. At present the scheme is being implemented in 73 tehsils in 15 TSP districts out of 20 districts in the State through 926 Adivasi Vividh Karyakari Sahakari Sanstha (LAMPS) which are working as "Sub Agent" of this Corporation. Thus the actual procurement of the notified commodities is made through total 466 purchase centers out of these 365 centers are run by Adivasi Societies. Where such purchase centers are not opened by the Sub Agent societies, TDC has made alternative arrangements on its own in many places through 101 purchase centers. Purchase commission is also paid as per quintal purchases basis to Sub Agent Societies by the Corporation.

As per Government Resolution dated 7th March 2008 Monopoly Procurement Schemes has been suspended.

The year wise procurement of Agricultural and Minor Forest Produces items are as under :—

(Weight in Qtl. Value in Rs.)

Sr. No.	Year	Procurement of Agricultural produce		Minor Forest Produce		Total Procurement	
		Weight	Value	Weight	Value	Weight	Value
1	2005-2006	320056	2896.32	26031	273.27	346087	3169.
2	2006-2007	410535	4361.64	54937	733.14	465472	5094.
3	2007-2008	201567	2373.61	26574	177.83	228141	2551.
4	2008-2009	—	—	18414	234.55	18436	234.
5	2009-2010	—	—	966	147.23	9966	147.
6	2010-2011	—	—	23172	370.58	23172	370.

Price Support Scheme :

The Maharashtra State Co-op. Tribal Development Corporation Ltd. has been appointed as Chief Agent for the Scheduled Tribes Plan Area for the procurement under the Price Support Scheme by Food and Civil Supply Department since 2000-2001 onwards.

The Price Support Scheme is being implemented in 14 districts through Adivasi Vividh Karyakari Societies working as Sub Agent of TDC. Under this scheme TDC is procuring Paddy, Maize, Jowa and Bajari at the Minimum Support Price Rate declared by the Central Government.

The procurement under Price Support Scheme is as under :—

Year	Season	Procurement		Remarks
		Quantity in Qtls.	Value in lack	
2005-2006	2005-2006	886813.00	5055.76	
2006-2007	2006-2007	736837.00	4573.98	
2007-2008	2007-2008	823257.87	6241.62	
2008-2009	2008-2009	987331.00	9015.29	
2009-2010	2009-2010	1241108.00	12650.70	
2010-2011	2010-2011	1102915.03	11031.96	

(i) Procurement of MFP Commodities :

Most of the tribal population is situated in remote hilly areas adjoining forest lands. A Major part of tribal population is landless and having their livelihood on collection of minor forest produce commodities e.g. Mahaflores, Moha seed, Myrobolone (Hirda) and Chironjee etc. TDC gave serious thought over it and during 1978 got the above commodities notified from State Government for the long-term benefit of tribals. Besides this 26 more commodities under MFP have now been notified which are being produced by the TDC at present.

Needless to mention that minor forest commodities are never brought for sale in Agricultural Produce Market Committees (APMC).

Therefore while fixation of purchase prices of MFP items the Corporation has to study the rates offered for the commodity in its last open auction as well as market trend. The purchase prices are fixed by the District Collector on the basis of rates offered to TDC in open auction while deducting the cost on fort items from it to meet the cost. The purchase prices worked out made applicable for MFP notified commodities to be procured through 458 purchase centers in tribal areas.

Earlier a huge amount was charged by the Forest Department as "Royalty" to TDC for its procurement of MFP commodities collected by the Tribal. However, to enable us to pay more remunerative prices to tribal, TDC made constant efforts the level of State Government and waived the royalty payable to Forest Department. Therefore vide Government Resolution dated 01st October 1994 policy has been fixed to pay royalty at the rate of only Rs. 5 per quintal of actual procurement of notified MFP commodities made by TDC. This definitely helped TDC to enhance the procurement of MFP items thereby fetching more remunerative prices to the tribal vendors.

"Problems of TDC", Transfer of ownership of Minor Forest Produce to Gram Panchayats in Scheduled Tribes

As per the Maharashtra transfer of ownership of minor forest produce (Regulation of trade) Amendment Bill, 1997. The ownership of minor forest produce transferred to Gram Panchayat in Scheduled Area.

As per Government Resolution of Rural Development Department, Mantralaya, Mumbai, dated 23rd August 2007, TDC can purchase and sale of Minor Forest Produce upto 30th September 2009. After that TDC has to take permission from State Government for procurement of MFP.

There are no instructions on how Gram Panchayat will implement the procurement scheme of MFP in tribal areas.

However, we feel that Gram Panchayats will face very critical problems in working as an independent and successful and viable marketing agent.

1. Lack of infrastructure / lack of enough funds.
2. Low volumes of collection so unfavourable economics of scale.
3. Placed in remote Areas from where marketing (selling) would be commercially unlivable.
4. Traders may exploit their weaknesses of the Gram Panchayats.

Minor Forest Produce :

Financial Assistance Received from Central Government for Minor Forest Produce Operations during 2005-2006 to 2010-2011 is as under :—

(Rs. in Lac)

Sr.No.	Financial Year	Amount	Remarks
1	2005-2006	373.00	
2	2006-2007	215.00	
3	2007-2008	325.00	
4	2008-2009	270.00	
5	2009-2010	168.00	
6	2010-2011	184.00	

Amount upto 2007-2008 is fully utilized for purchase of minor forest produce item and utilization certificate is also submitted to Government.

(C) ELECTRIC MOTOR PUMP SETS / OIL ENGINES SCHEME :

Scheme is being implemented since 1973-74. Identification and selection of tribal beneficiaries is done by the (farmers holding land between 1/1-2 to 16 acres) Commissionerate of Tribal Development, Maharashtra State, Nasik, through the task force Committees at Tehsil levels.

Supply installation and commissioning of 3HP to 10 HP Electric Motor Pump sets and 5 HP Oil Engines alongwith necessary accessories at the farm of tribal beneficiaries on Turnkey basis.

Implementation of scheme in 23 districts on the basis of subsidy, beneficiary's participation since 1973-74.

Execution of scheme through MSCTDC since 1980-81, total cases of 61105 Electric Motor Pump sets and 65802 oil engines have been sanctioned by the Tribal Commissionerate during 1980-81 to 2010-2011. Such sanctioned lists of beneficiaries are made available to the Corporation.

55246 Electric Motor Pump sets and 71253 Oil Engines have so far been installed out of which 55246 Electric Motor Pump sets and 71253 Oil Engines have been commissioned so far in the year 2010-2011.

Scheme envisages tribal farmers to improve their yield by affording them irrigation facilities thereby improving their economic conditions.

Supply of Domestic Gas (14.2 Kg.) for BPL Tribal Families :

Government of Maharashtra, Tribal Development Department, Government Resolution vernacular No. केन्द्रीय-२००६/प्र.क्र.०६/का-१७, दिनांक ४ अक्टोबर 2006 have resolved to supply cooking gas units from Special Centre Assistance to 23991 tribal families under Below Poverty Line income group for the year 2005-06, according vide Government Resolution dated 20th October 2006 the Government has also sanctioned this scheme for further 1,00,000 tribal families under BPL from the State plan provision for 2006-2007.

Selection of the beneficiaries is being done by the Project Officer, Integrated Tribal Development Project. Liquefied Petroleum Gas cylinders and regulators under this scheme are being made available by the Public sector Oil companies and the entire gas unit is being supplied and delivered to the concerned beneficiaries.

Under this programme total 84032 tribal families have got benefit till the end of March, 2011. The progress is going on.

(D) NAVASANJEEVAN YOJANA :

(I) Consumption Finance Scheme :

Consumption Finance Scheme Year 2003-2004 Revised Policy :

The Consumption Finance Scheme is being implemented in Tribal Sub Plan Area since 1978 provides for the consumption requirement of the needy families during the lean period.

The State Govt. vide Resolution dated 20th July 2004 has waived outstanding consumption loan of Rs. 41,72,86,000 for the year 1988-1989 to 2002-2003.

According to this revised Policy State Govt. decided to raise the limit of loan and measure features of scheme are as under.

1. The consumption finance scheme is implemented through Maharashtra State Co-operative Tribal Development Corp. Ltd., Nasik.

2. The scheme is applicable to district of Tribal Sub Plan and Outside Tribal Sub Plan areas.

3. Government directed to distribute consumption loan as 70% amount is to be given as a loan whereas 30% amount as a subsidy.

4. The loan envisages 70% portion in kind as food grains and 30% portion in cash. State Government has fixed the limit of loan distribution under revised scheme is as under :—

For family up to 4 units	Rs. 2000
Up to 8 units	Rs. 3000
Above 8 units	Rs. 4000

5. Criteria for admissibility of loan has been fixed as under :—

(a) Tribal beneficiaries below poverty line (BPL)

(b) Primitive tribe beneficiaries' viz. Kolam, Katkari and Madia Gond. Tribal families of sensitive districts viz. Nandurbar, Nasik, Thane, Amravati and Gadchiroli.

The State Government vide its Resolution dated 20th July, 2004 has taken a revolutionary decision by giving mass amnesty to the outstanding consumption loan of Rs. 40,86,49,309 which was distributed to the tribal families, during the period 1988-1989 to 2002-2003.

According to revised scheme the distribution of consumption finance loan is as under :—

Sr. No	Season	Target	Distribution	
			Beneficiaries	Amount (Rs.)
1	2005-2006	1,56,000	1,56,000	4602.02
2	2006-2007	2,00,000	2,00,000	5988.22
3	2007-2008	2,00,000	2,00,000	6291.55
4	2008-2009	2,00,000	2,00,000	6139.15
5	2009-2010	4,00,000	4,00,000	12280.00
6	2010-2011	4,00,000	4,00,000	12630.15

(I) Consumption Finance Scheme 2010-2011 :-

State Government resolution dated 19th June 2009 State Government has taken a revolutionary decision by giving mass amnesty to the outstanding consumption loan of Rs. 184137 Crore which was distributed to the Tribals during the period 2004-2005 to 2008-2009 (i.e. Co-op year 2003-2004 to 2007-2008).

State Government resolution dated 19th June 2007 and as per revised policy consumption finance scheme 2008-2009 is implemented as per following criteria.

State Government has given a fund of Rs. 50 crores to Tribal Development Corporation for 2008-2009 to 2,00,000 tribal BPL families.

As per Government Resolution Tribal Development Corporation has distributed Consumption Finance Loan to total 3,00,000 beneficiaries in season 2011-2012.

(ii) Door-step delivery scheme and mobile consumer's shops :

The Corporation has assigned the job of making supply of ration items under the Public Distribution system at the doorstep of the villages where the Fair Price Shops are located. The Corporation has been given 152 vehicles all over the State in the Tribal areas. The ownership of these vehicles is managed by the Tribal Development Corporation. The Corporation is reimbursed an amount at the rate of Rs. 15/- per quintal of the commodities transported.

The turnover under this scheme yearwise is given as under :—

YEAR	Vehicles	Turnover (Transportation) (Qtl)	Amount (Rs. in Lac)
2005-2006	152	2764898	361.92
2006-2007	152	2392580	132.49
2007-2008	152	1965030	295.54
2008-2009	152	1454737	—
2009-2010	152	1656209	248.82
2010-2011	152	2108301	316.44

It may be mentioned that total 97 Vehicles out 152 doorstep delivery vehicles assigned by State Government over the years have become old and unserviceable. The cost of its repairs and maintenance also mounting heavily. Therefore it is essential to replace these vehicles used in tribal areas so as to operate the scheme uninterrupted and the poor tribal should not get deprived of the timely supply of PDS items.

This Corporation has already approached State Govt. to sanction an amount of Rs. 3.40 Crores for purchase of new 52 vehicles. This amount made available from the Central Special Assistance to MSCTDC.

(iii) Rural Godown Scheme :

Under the revamped public distribution system, Food and Civil Supplies Department has taken on rental storage godowns which are in possession of the Tribal Development Corporation in the interior tribal area. As per this Scheme Corporation is to provide storage space up to 50-M tons in each such identified godown on the terms and conditions as are laid down in the G.R. No. PDS1091/1951/(6141) C.B. 28 dated 5th October 1991. The godowns identified have spare capacities especially in the critical monsoon season. These godowns are owned by the Adivasi Co-operative Societies which are now liquidated and the Assistance Registrar Cooperative Societies as the liquidator of these societies receives the godowns rent from the TDC. The Corporation is not subletting these godowns to Food and Civil Supplies Department but using the storage capacity for the Food and Civil Supplies Department. The staff at the godown is the same, which is employed for the procurement operations. They have been trained to handle this additional.

The turnover in these godowns for the last 2 years is given as under :—

YEAR	No. of Godowns	Turnover (Qtl)
2005-2006	10	4617100
2006-2007	7	119690
2007-2008	9	25120
2008-2009	19	141938
2009-2010	3	81964

IMPLEMENTING AND EVALUATION

Monitoring of the tribal development programmes apart from the various authorities *viz* the District Commissioners, the Special Executive Committee of the District Planning and Development, the Project Level Implementation Council, etc., mentioned in the earlier paragraphs of this Chapter, a Co-ordination Committee on Tribal Development with the Secretaries of the concerned departments as members and the Secretary, Tribal Development as Member-Secretary. This Committee periodically reviews and monitors the implementation of the schemes taken up under the Tribal

Planning and Monitoring cell in the office of the Commissioner, Tribal Development at Nashik is responsible for the implementation of the various tribal development schemes and one of the Deputy Commissioners is engaged with this task. This Cell collects information from various authorities, tabulates the data collected and takes further action as may be necessary.

The Tribal Research and Training Institute, Pune is main agency for evaluating important schemes of tribal development. It has evaluated a number of schemes and published evaluation reports. There is a State Evaluation Committee headed by the Secretary of the Tribal Development Department which looks into the follow-up action by the concerned Departments on the evaluation reports. In addition to this, the services of consultants are also engaged for the evaluation of certain important schemes. Regular concurrent evaluation is done by the Project Officer of the concerned Integrated Tribal Development Projects.

General Policy

Tribal areas are characterized by isolated and difficult terrain with lack of facilities. Officers are, therefore, posted to work in the tribal areas. Realizing the importance of the role to be played by the Project Officers in the Integrated Tribal Development Projects, the State Government has given the following facilities to

the Project Officers. Retention of Government accommodation, if any, allotted to them in their previous place of posting. They are required to pay only 10 per cent of their pay as rent for retained accommodation.

Cost-free accommodation is provided at the place of their new posting. In case Government accommodation is not available at the Project Headquarters, Government reimburses the rent (including electricity, consorvancy and other charges) of the hired accommodation.

The State Government has increased the Incentive Allowances to the Government employees posted in the remote and inaccessible tribal areas *vide* Government Resolution No. EST -1097/C.No.18/1999 dated 6th February 1999 to the following rates :—

Pay Scale	Rate of Incentive Allowance per month (Rs)
Pay less than Rs. 3050	100
Pay of Rs. 3050 and above but less than Rs. 4589	200
Pay of Rs. 4590 and above but less than Rs. 6499	300
Pay of Rs. 6500 and above but less than Rs. 9999	400
Pay of Rs. 10000 and above	500

Originally the State Government had identified the whole of Gadchiroli district, Rajura and Gondpimpri talukas in Mull and 23 villages in Chandrapur taluka of Chandrapur district for the special action and the incentives as stated above were given.

As per the aforesaid Government Resolution incentive allowance at enhanced rates is only being given to the employees working in 1472 villages of 290 pockets of 46 tahsils of 13 districts. These villages are to be in the most inaccessible areas. The State Government has issued directions that posting in these areas should not be regarded as a punishment posting and experienced and efficient officers are being posted to these tribal areas.

CHAPTER III (A)

TRIBAL SUB-PLAN AND IMPLEMENTATION OF TRIBAL DEVELOPMENT PROGRAMMES

CONCEPT

The Directive Principles of State Policy, under Article 46 of the Constitution of India, enjoins on the State to promote, with special care, the educational and economic interest of the weaker sections of the people and, in particular of the Scheduled Castes (SCs) and Scheduled Tribes (STs), and protect them from social injustice and all forms of exploitation.

The strategy for tribal development has undergone refinements in successive plans. A total and comprehensive view of tribal problems was first taken on the eve of the Fifth Five-Year Plan, when the strategy concept of Tribal Sub Plan evolved. This strategy lays emphasis not merely on development programmes but also on protective measures. It also lays emphasis upon socio-economic development of individual Scheduled Tribes, in addition to the emphasis upon area development. The Tribal Sub Plan area strategy was introduced for the first time in Maharashtra in 1976-1977, with the following main objectives :—

- (1) To narrow the gap between the level of development of Tribal Sub Plan areas and other areas of the State ;
- (2) To improve the standard and quality of the tribal community ;
- (3) To tackle the important problems faced by the tribals ; and
- (4) To eliminate exploitation of the tribals, speed up the process of social and economic development and build-up an inner strength among the tribals and improve their organisational capacity.

2. Under the Tribal Sub Plan areas strategy, areas of tribal concentration were carved out as Integrated Tribal Development Projects. At present there are 24 such Integrated Tribal Development Projects which have been approved by the Government of India and the State Government. There is a separate allocation of funds for the Tribal Sub Plan. These funds are utilized only for the tribal development programmes.

3. As mentioned earlier in paragraph 10 of Chapter-I of this report, there are some pockets of tribal concentration which does not fulfill the criteria of percentage of tribal population as prescribed by the Government of India for inclusion in the Tribal Sub Plan areas, but contain sizable tribal population. The State Government decided that the tribals in these pockets should also be given the benefits of Tribal Sub Plan areas and, therefore, carved out these pockets from Additional Tribal Sub Plan areas. All the benefits given to the tribals in the Tribal Sub Plan areas are extended to the tribals of Additional Tribal Sub Plan areas. Integrated Tribal Development Projects have been established in the Additional Tribal Sub Plan areas with similar administrative arrangement as that for regular Integrated Tribal Development Projects.

MODIFIED AREA DEVELOPMENT APPROACH (MADA) POCKETS

4. There are in all 43 Modified Area Development Approach and 24 Mini- Modified Area Development Approach pockets covering 1233 and 295 villages respectively. According to the 2001 Census the total population covered in Modified Area Development Approach and Mini-Modified Area Development Approach pockets is 5.84 lakh. As in outer Tribal Sub Plan areas programmes of economic and educational upliftment of tribal in these pockets have been undertaken.

Primitive Tribes :

5. The Government of India has approved the following communities as Primitive Tribes in the State of Maharashtra :—

- (1) Madia Gond : In the Bhamragad area of Gadchiroli district.
- (2) Kolam : In the Yavatmal and Nanded districts.
- (3) Katkari : In the Raigad and Thane districts.

As per the recommendations of the Government of India, the State Government has formulated projects for the development of these communities. The programme for the development of Primitive Tribes includes provision of shelter-cum-hut, supply of unit of goats and poultry, rehabilitation of families, grant of bullock and cultural inputs, seeds, fertilizers, agricultural implements etc. at nominal cost. For this programme, Technical Assistance is being made available by the Government of India.

New Method of Formulation of Tribal Sub Plan :

The method followed in respect of formulation of Tribal Sub Plan up to 1992-93 was that the Planning Department used to allocate plan outlays to different administrative departments. The departments, in turn, gave out outlays for the Tribal Sub Plan, as per their own discretion and priorities. The departments were deciding which of the schemes, programs and development works, were to be taken up from the Tribal Sub Plan outlays for the TSP. Therefore, even though an independent Tribal Development Department was established in 1983 at Mantralaya (Secretariat) level, it could not effectively participate in deciding outlays for different sectors for the Tribal Sub Plan.

Keeping in view the above shortcomings, the State Government took up this issue with the State Planning Board before the commencement of the Eight Five-Year Plans. The State Planning Board appointed a Committee in January, 1991 under the Chairmanship of Shri D.M. Sukthankar, a member of the Board and Chief Secretary, to study the matter. After making an in depth study, the Sub-Committee submitted a report to the State Planning Board in June, 1992. The recommendations made by the Sub-Committee were accepted by the State Planning Board and thereafter by the State Government in September, 1992.

Some of the important recommendations of the Sukthankar Committee for effective implementation of Tribal Sub Plan are :—(i) The Planning Department should first allocate definite funds to the Tribal Development Department (i.e. fix a plan ceiling for) for the Tribal Sub Plan. The responsibility for finalising Tribal Sub Plan within the ceiling so indicated should be entrusted to Tribal Development Department and not to the Administrative Department as was being done earlier.

The funds so far made available to the Tribal Sub Plan were not more than 7 percent of the total size of the State Plan. This may not be objection to accept this percentage initially. However, the schemes to be taken up from these funds should be tribal welfare oriented. Gradually, the size of the Tribal Sub Plan should be increased to 9 percent of the total size of the State Plan.

In the Tribal Sub Plan, major emphasis / thrust should be given to those schemes viz. Crop Husbandry, Poultry, Primary Education, Health Services, Link Roads, Minor Irrigation, etc. which are important from the point of view of tribal.

Active participation should be sought from the Voluntary Organization in the tribal development works.

The outlays to be provided for tribal development for the Tribal Sub Plan areas and Outside Tribal Sub Plan areas should be 75% and 25%.

The Maximum No. of schemes in Tribal Sub Plan should be district level and out of total outlay for the Tribal Sub Plan 60 - 70% of the outlay should be made available for such schemes.

All the above recommendations have been accepted and followed by the State Government from the year 1992-93 onwards.

Plan Outlay and Expenditure :

During the year 2010-2011, the Tribal Sub Plan outlay was Rs. 3374.35 crores, which was 8.9 % of the Annual Plan Outlay of Rs. 37917.00 crores. The Plan-wise / year-wise outlay and expenditure incurred are given in the Table 3.1 below :—

TABLE 3.1

The Statement showing the State Plan and Tribal Sub-Plan Outlays

Plan Year	State Plan Outlay	TSP Outlay	Percentage	(Rs. in crores)
				Actuals
VII (1974-78)	2627.57	124.79	4.75	71.79

(Office of the Commissioner, Tribal Development, Maharashtra State, Nasik.

The achievement of families to be assisted under various programmes of economic development during 2010 - 2011 was 4,08,598 tribal families as against 4,14,151 tribal families.

Important Achievements :

The Tribal Sub Plan strategy, introduced in the State from 1976-77, taking notice of the fact that in order to accelerate the development of the tribal communities, an intensive approach to the tribal problems in terms of their geographic and demographic concentration. For faster development of this concentration of tribal concentration were delineated and 17 Integrated Tribal Development Projects (ITDPs for Primitive Tribes) have been approved by the Government of India. However, as mentioned in Paragraph 10 of Chapter, I of this report, there are other areas of tribal concentration which do not come under the purview proscribed by the Government of India for carving out Integrated Tribal Development Projects and need special attention. The State Government declared some areas as Additional Tribal Sub Plan areas in which 4 Integrated Tribal Development Projects have been carved out in January 1992. (i.e. Four ITDPs have been started outside the original Tribal Sub Plan areas.) In these Additional Tribal Sub Plan areas, similar types of schemes are implemented as those in the Tribal Sub Plan areas. The Additional Tribal Sub Plan covers 1291 villages situated in 32 Talisil of 10 Districts with tribal population of 3, 43,486.

Various developmental schemes are implemented under the Tribal Sub Plan areas for the benefits of the tribals. Schemes like Ashram Schools, Backward Class Hostels, Supply of Electric Motor Pumps, and Integrated Rural Development Projects (IRDP) i.e. Individual Beneficiary (IB) Schemes have also been made applicable to tribals living Outside Tribal Sub Plan (OTSP) areas. Both

infrastructural and Individual Beneficiary schemes are also taken up under the Tribal Sub Plan areas. An infrastructural scheme also benefit non-tribal in the Tribal Sub Plan areas, while the Individual Beneficiary schemes are only meant for the tribals wherever they are living. Under the Individual Beneficiary scheme the rate of subsidy provided to the tribals varies from 10 percent to 50 percent in the Tribal Sub Plan Area and, Outside Tribal Sub Plan areas depending on nature of scheme and financial status / position of beneficiaries.

(3) Various schemes have been implemented under the Tribal Sub Plan and the tribals have certainly derived a good deal of advantage from the following schemes:

(1) EDUCATION (EDUCATION DEPARTMENT)

Pre-Primary Education.— Government of Maharashtra has introduced special educational facilities for students from SC/ST categories from tribal areas of the State. Accordingly, 15 tribal districts have been identified as tribal district. They are Akola, Washim, Bhandara, Thane, Nasik, Dhule, Nandurbar, Jalgaon, Mumbai (W), Nanded, Yavatmal, Nagpur, Gondia, Chandrapur and Gadchiroli. It has been noticed that literacy rate in tribal sub plan area is as low as 37%. As an endeavor to bring up this rate, State Government with the help of Government of India has taken up statewide programme of adult education.

The following schemes are being implemented :—

1. *Vastishala.*— Now scheme has been changed and vastishala teacher has facility provided with D.T. training. In order to absorb them as regular primary teacher.

2. *Book Bank in Primary Schools.*— Text books are provided free of cost to SC/ST students in rural tribal and hilly areas in the State as spending on purchase of text books is difficult for their parents due to poverty. An outlay of Rs. 2109.00 lakhs has been sanctioned for tribal area and Rs. 1026.00 lakhs for outside tribal area for 10th five-year plan 2002-2007. Though proposed, no outlay was made available from last year.

The State Government has decided to provide free textbooks under this scheme to students in standard 1 to 4 in Z.P. schools from 103-development block where female literacy is less than that at national level.

3. *Special facilities to SC/ST students in primary schools in Educationally Backward areas.*— To improve enrollment and retention of SC/ST students in schools, many incentive schemes are in operation in Government. Under it, a set of uniform and writing material is supplied free of cost per students in tribal area where literacy rate and enrollment is 80% of the grant is spent for uniforms while remaining amount is spent for writing material. An outlay of Rs. 2812.00 lakh has been sanctioned for tribal area and Rs. 1300.00 lakh for outside tribal area for Tenth five year plan 2002-2007.

Though proposed, no outlay was made available for last two years. The State Government has decided to provide free textbooks under this scheme to students of standard 1 to 4 in Z.P. schools from 103-development block where female literacy is less than that at national level.

4. *Grant to DRDA for construction of school rooms.*— Scheme of construction of school rooms included in basic needs programmes under Universalisation of Primary Education in tribal area. A primary school is provided within 105 Km. and population of 200. The Government of Maharashtra constituted District construction development fund vide G.R. No. PRASHAE/1096/44/96/PRASHI-4 dated 1998 and PRASHE/ 1097/58181 (372/17)/PRASHI-4 dated 30/6/1999. The government also has increased expenditure on construction of primary school rooms in tribal area to 1.30 lakh.

5. *Attendance allowance to girls from weaker section of the society.*— To attract girls from VJNT and deprived classes, particularly from tribal area to schooling, Government of Maharashtra has the scheme of payment of attendance allowance at the rate of Rs. 1/- per day of attendance. The amount to be paid to the parent and is subject to the maximum Rs. 220/- per academic year. An Outlay of Rs. 836.00 lakh for tribal sub plan area and Rs. 238.70 lakhs for outside tribal sub plan area.

6. *District primary education programme under social safety shield scheme.*— Government of Maharashtra is making available financial aid from World Bank for development of educationally backward state. Further, for defining educational backwardness, percentages of literacy has been the criterion which nine such districts have been identified. They are Aurangabad, Nanded, Parbhani, Latur & Jalgaon. These districts have been covered in phase I and Beed, Jalna, Dhule and Gadchiroli districts in phase II. The following conditions are required to be satisfied for eligibility of grant under this scheme:

(A) To maintain earlier percentage of Grant for primary education even after getting the scheme.

The society should be registered in Maharashtra State.

Government of 85% expenditure of the scheme, while 15% expenditure is to be borne by the State Government. The State Government is expected to improve educational status of the state and support the direction of Universalisation of Primary Education.

Opening of new Non-Government secondary schools.— 100% grants to qualifying un-aided recognized schools in tribal area are given by the state government as per GR dated 10th November 2000 for grants in slabs for general schools.

Stipend to Tribal Students.— As poverty of parents has been the prime cause for students deprived of school, there is a provision of payment of stipend to students from tribal areas in the State. Boys in classes 1st to 7th are given stipend at the rate of Rs. 40/-, while girls are given Rs. 50/- per month, for boy classes 8th to 10th rate is Rs. 50/-, while for girls it is Rs. 60/- per month. Students with good moral character and minimum 75% attendance qualify for stipends. Stipend should be given for ten months in an academic year. However students from Ashram Schools and residential schools who get lodging & boarding facilities are not eligible to this benefit under these scheme.

Post Literacy Programme.— National Literacy Mission came in to existence on 5th May 1988 to eradicate illiteracy in India. As per directive principle an autonomous institute named as Maharashtra Literacy Council was established on 18th June 1996. Total literacy has been achieved in Thane, Dhule, Nasik, Nanded, Yavatmal, Chandrapur and Chandrapur districts after total Literacy Mission. Its evaluation has been undertaken by the agency. In Nanded and Yavatmal districts continuing education scheme is in operation after completion of total literacy programme there.

Books in tribal dialect.— With a view to create interest in learning among the students in tribal areas, the Maharashtra Sahitya Akademi, Pune prepares books in tribal dialect. The council also conducts of teachers training to improve the quality of Primary Education.

TRIBAL DEVELOPMENT DEPT.

Government Ashram School :

The Tribal Development Department in Maharashtra is running 552 residential Govt. Ashram schools. Out of these 24 have been upgraded as Secondary Ashram schools. The State Government has decided to implement Thakkar Bappa Adivasi Vasti Sudhar Karyakram on the lines of Dalt Vasti Sudhar programme. This scheme will be implemented in the proposed MADA and MAIA pockets in the 15 districts Akola, Wardha, Bhandara, Raigad, Jalgaon, Dhule, Nandurbar, Pune, Amravati, Ahmednagar, Yavatmal, Buldhana, Amravati and Gondia and other OTSP villages on the basis of the identification of tribals. This program will be implemented on an integrated project approach and it is proposed to create up to 100 works.

In this year 2010-2011 Rs. 15300.00 Lakhs has been provided. Expenditure incurred on this scheme up to the month of March 2011 Rs. 13417.74 lakhs.

20. Nucleus Budget (State level) :

The TSP is formulated taking into consideration the specific needs of each ITDP are. In order to provide for local variations & demands, which cannot be met from regular schemes approved by the Govt. and cannot as such be funded from the normal TSP, a special scheme Nucleus Budget is being implemented since 1981-82. Under the scheme the Project Officer of the ITDP's are empowered to evolve & implement or get implemented from other departments' schemes of local importance after following the prescribed procedure. The ceiling for financial assistance under this scheme is Rs. 15,000 per family. Group scheme can also be taken of subject to this ceiling. The entire assistance can be given as grant-in-aid for the scheme for training, welfare & human resource development, however for income generating scheme. 85 per cent of the cost is given as a grant to tribal beneficiary, 95 per cent is given as a grant to members of the primitive tribes & 100 percent is given as a grant to the tribals below poverty line and beneficiary is expected to bring the balance by way of his contribution or through a loan. The Additional Tribal Commissioners can sanction group schemes upto Rs. 7.50 lakh each ; the Commissioner (Tribal Development) upto Rs. 30 Lakh and schemes costing more than that are referred to Government.

In this year 2010-2011 Rs. 3500.00 Lakhs has been provided. Expenditure incurred on this scheme up to the month of March, 2011 Rs.3489.11 lakhs.

21. Post-matric scholarship for S.T. Students (Centrally sponsored scheme) Govt. of India Scholarship :

The scheme of Post Matric Scholarship has been introduced for providing higher education to Backward Class students, who are staying in rural and hilly areas, and whose financial condition is poor and due to which, they are unable to take higher education. This scheme is implemented through the Project Officers of the ITDPs. They have been empowered to disburse the scholarships to the concerned educational institutions as per the requirements of the institutions and the records received by them. Project Officers of the concerned ITDP sends blank application forms to the educational institutions and also instruct them to fill up such forms. These forms are accepted up to 31st of July every year, by the educational institutions from the student year officers-in-charge of the scheme give wide publicity in the local newspapers for the information of the students and also instruct the students to apply for scholarship. For the renewal of the scholarship 75 % attendance is necessary for the student. 60% of the previous year's expenditure towards scholarship is disbursed to the institutions on an *ad-hoc* basis. For the disbursement of this scholarship the educational institution opens PLA account in Nationalised Banks, where the students also open their account. The said scholarship is disbursed up to 30th September every year. Under this scheme of the Government of India all the Scheduled Castes & Scheduled Tribes Students studying in Post Matric courses are eligible to receive an amount from Rs. 380 to 1200 (for hostellers) and Rs. 230 to 550 (for day scholars) scholarship subject to the condition that

(a) The income of the parent should not exceed Rs. 2,00,000 per year.

(b) the student should not be a full-time employee

(c) the student should have good conduct and his progress and attendance should be satisfactory, and

(d) Only the first two children of the same parents are eligible

Government of India has increased the rate of Post Matric Scholarship for the students, Belonging to Scheduled Tribe by modifying the existing groups and income ceiling from 10th Five Year Plan. The details of the Existing & Revised Groups Income Ceiling and Scholarship Rates are as follows :

Revised Rate from 1.7.2010		
Group	Hostellers	Day-scholars
I	1200	550
Revised Rate from 1.7.2010		
Group	Hostellers	Day-scholars
II	820	530
III	570	300
IV	380	230

In this year 2010-2011 Rs. 3000.00 Lakhs has been provided. Expenditure incurred on this scheme up to the month of March 2011 Rs. 2700.00 lakhs.

29. Maintenance Allowance To Scheduled Tribe Students Staying in Hostels Attached To Professional Courses :

Since the intake capacity of Government hostels is limited tribal students are allowed and encouraged to stay in the hostel attached to professional colleges like medical, engineering, veterinary colleges and they are given maintenance allowance at the rate of Rs. 100 per month limited to 10 months per students in addition Government of India Scholarship admissible to them.

In this year 2010-2011 Rs. 302.12 Lakhs has been provided. Expenditure incurred on this scheme up to the month of March 2011 Rs. 211.27 lakhs.

30. Health Enhancement Programme (Jamkhed Project) :

The Government have accorded sanctioned for the distribution of Rs. 10.34 crores in a span of five years to the non-governmental organizations namely Comprehensive Rural Health Project, Jamkhed, District Ahmednagar and Maharashtra Association of Anthropological Sciences, Pune for implementing the programmes of improving the health and nutritional status, creation of the sources of livelihood, economic development, community development, collective awareness about their rights, introduction to tribal culture, development of self - confidence among the tribals in Thane, Nandurbar, Amravati, Ahmednagar, Gadchiroli, Jalgaon and Raigad districts for implementing health programme during the year 2003-2004.

In this year 2010-2011 Rs. 9000.00 Lakhs has been provided. Expenditure incurred on this scheme up to the month of March 2011 Rs. 2700.44 lakhs.

The schemes implemented under Special Central Assistance and Article 275(1) of the Constitution.

With a view to raise the standard of living of the tribals, it is necessary to implement the schemes, which will generate employment and increase the income of the tribals. As per the guidelines of the Central Government funds are distributed area wise. 30 percent funds are utilised for infrastructure development. Insurance is given to tribal women and Primitive Tribal Groups families.

In this year 2010-2011 Rs. 9442.18 Lakhs has been provided and expenditure incurred on this scheme up to the month of March 2011 is Rs. 8497.96 lakhs.

In this year 2010-2011 Rs. 5866.18 Lakhs has been provided. Expenditure incurred on this scheme up to the month of March 2011 Rs. 5279.56 lakhs.

31. Supply of Electric Motor Pumps And Oil Engines :

The tribal cultivators are provided with electric motor pumps and oil engines. A tribal cultivator who has minimum 60 Ares (1.5 acres) maximum of 6 ha.(or 16 acres) cultivable land is eligible to take the benefit of this scheme. Further, they should have sufficient water source, which will last for at least six months during the period of rainy season, for irrigating their land. Also for getting electric motor pump it is expected there should be an electric line passing nearby. Those having no electricity facilities can get the benefit of electric pumps. Even 2 or 3 tribal agriculturists, having less than prescribed area of land can jointly take advantage of this scheme. The beneficiary getting Electric pump / Oil Engines sets under this scheme. Have to pay Rs. 10000/- at the prescribed rates viz, Rs. 250/- for land holders having land between 60 Ar to 6 Ha. & Rs. 10000/- for those lands holding lands more than 6 hectares.

In this year 2010-2011 for electric pump and oil engines Rs.1839.96 Lakhs has been provided. Expenditure incurred on this scheme up to the month of March 2011 Rs. 1404.32 Lakhs.

32. Supply of P.V.C. pipe to the Scheduled Tribes :

The main occupation of the tribe is agriculture people is For the Economic upliftment of the tribal Electric pump / Oil engine has been provided to the tribal beneficiary. The Electric motor pump / Oil engine is provided on hundred percent subsidy to the beneficiary who had been given the pump & who is not able to purchase the pipe supplying motor that beneficiary has been provided P.V.C. pipe through the Nucleus on priority basis. Due to some practical technical problem and rising strain on the Nucleus Budget. Government has decided to implement the new scheme to facilitate the tribal in the State of Maharashtra.

In this year 2010-2011 Rs. 1082.25 Lakhs has been provided. Expenditure incurred on this scheme up to the month of March 2011 Rs. 717.80 lakhs.

27. Formation of Self Help Group of Tribal Women :

Under Women policy, the main aim of the aforesaid scheme is to Empower tribal women by building confidence amongst them for self-employment. In order to achieve this aim, vide Government Resolution dated 6th February, 2004. Sanction has been accorded to form / establish 4600 SHGs through Mahila Arthik Vikas Mahamandal within a period of 3 years. On experimental basis to form SHG to carryout various training programmes to make available market for products manufactured by SGHs and other related works are implemented through Mahila Arthik Vikas Mahamandal.

In this year 2010-2011 Rs. 119.80 Lakhs has been provided. Expenditure incurred on this scheme up to the month of March 2011 Rs. 91.85 lakhs.

28. Establishment of Free Legal Advice centers for Restoration of Lands to tribals :

The Maharashtra Restoration of lands to Scheduled Tribes Act, 1974 provides for restoration of lands to the tribals, which were transferred to non-tribals during the period 1.4.1957 to 6.7.1974 and not diverted to non-agricultural use before 6.7.1974. To help the tribals in these cases, free Legal Advice Centers have been sanctioned in offices of Additional Tribal Commissioner, Nashik, Thane, Amravati and Nagpur. During the year 2004-05 a provision of Rs. 16,50,000/- has been made for this purpose.

An Advocate sent the Writ Petition to High Court, Nagpur Bench for challenge of Government Resolution. The matter was pending so far the allotment of for the year 2004-05, 2005-06, 2006-07, 2007-08, 2008-09, 2009-10, 2010-2011 will be surrender to Government.

29. Financial Assistance given to the parent of Grade III & IV Children who admitted in Hospital :

When the children of the grade III & IV are admitted in the hospital the financial Assistance of Rs. per day is given to their parents. Up to previous year this scheme was implemented through Nucleus Budget contrally sponsored scheme. Implementation of such schemes is helpful to reduce the percentage of death due to malnutrition & starvation. Till today the total outlay scheme is allotted on disposal of Health Department. The scheme was implemented through District Health Officer & monitored by Project Officer & Additional Tribal Development Commissioners.

In this year 2010-2011 Rs. 68.40 Lakhs has been provided. Expenditure incurred on this scheme up to the month of March 2011 Rs. 24.05 lakhs.

30. Public Works in Ashram Schools :

Buildings of a number of Ashram Schools were constructed long back. They lacked protection require renovation and there was a need for provision of facilities like toilets and bathrooms, multipurpose halls water supply. A massive project costing Rs. 57.59 crore was prepared and approved under Article 275(1) Government of India. The progress so far is as follows :-

List of works related to Ashram Schools which are undertaken from the assistance received from Central Government under section 275 (1) of the Constitution of India

Sr. No.	Name of the Scheme	Works approved and Amount sanctioned by Government of India		Works undertaken & Total cost of the proposal		work complete (%)
		Works (3)	Amount (4)	Works (5)	Amount (6)	
(1)	(2)					(7)
1	Construction of Compound wall to residential school.	264	2112.00	240	15,69,86,781	
2	Construction of Approach roads to residential school.	51	153.00	39	88,05,948	

(1)	(2)	(3)	(4)	(5)	(6)	(7)
Permanent water supply in school.		115	345.00	112	2,40,81,555	
Renovation of old existing buildings of Govt. Ashram Schools.		101	454.50	130	4,41,95,753	
Renovation of existing toilets.		150	150.00	132	1,08,23,304	
Providing electrification.		300	300.00	319	2,85,71,711	
Construction of multipurpose hall.		149	1840.50	149	18,40,50,000	149
Construction of toilets & bathrooms.		81	404.00	81	4,04,00,000	81
Total	5759		49,79,15,062	

In this year 2010-2011 Rs. 20185.95 Lakhs has been provided. Expenditure incurred on this scheme up to the month of March 2011 Rs. 20131.90 lakhs.

01. Supply of Domestic Gas for (14.2 Kg.) to BPL Tribal Families :

The tribal families living in and around forest areas mostly depend on forests for fire wood. Therefore in a view to preserve forests and to create environment friendly atmosphere as well as to provide pollution free gas to tribal families. The project officer ITDP will select the beneficiaries as per terms and conditions of the scheme. The officers of the Bharat Petroleum Corp. will give the demonstration / training to the beneficiaries in suitable number of groups. The responsibility of installing gas connections in the house of the beneficiaries will be of the concerned agency of the Bharat Petroleum Corp. Ltd. The agency will further provide free service and attend the complaints promptly, if any. The purchase of domestic appliance by Managing Director, MPTDC, Nasik.

In this year 2010-2011 Rs. 900.00 Lakhs has been provided. Expenditure incurred on this scheme up to the month of March 2011 Rs. 0.00 lakhs.

02. Supply of Milch Animal unit (2) Cows, 2 Buffalo, 10 + 1 Goat Unit) to BPL Tribal Families :

In the tribal areas there is no source of income except labour in the forest or in the field. To provide employment to the tribals the scheme of supply of milch animal unit suggested improving their conditions. Under this scheme it is proposed that a unit of 2 Cows, 2 Buffalo, and 10 + 1 Goat unit. In this scheme one unit will be supplied to the BPL tribal families. This scheme is implemented by Project Officer, ITDP, Animal Husbandry Officer and Agriculture Officer.

In this year 2010-2011 Rs. 2700.00 Lakhs has been provided. Expenditure incurred on this scheme up to the month of March 2011 Rs. 420.18 lakhs.

03. Social Welfare Department (B.C. Welfare Schemes)

01. Award of scholarship to Backward Class students in High School :

To encourage meritorious backward class students studying in high schools, Scholarships are awarded to the following prescribed rates vide G.R. Educational and Social Welfare Department No. EBC-1066/2006 dated 20th August, 1966.

Scholarship is awarded to first backward class students in order of merit in each standard in the scheme who secure more than 50 percent marks in their last annual examination. The first preference is given to the standard and if funds permit, it is extended to the students in other standards from IX to V.

Special rate of Scholarships will be given to S.C. students as per Government Resolution dated 9th

Standard VI to VII Rs. 50 per month (10 months) and Standard VII to X Rs. 100 per month (10 months).

The scheme is implemented by the Social Welfare Officer, Zilha Parishad for the students studying in (Standard IX to X Standard).

2. Award of scholarships to Backward Class Girl students studying in Standard V to VII (Primary) :

So many parents of the backward class family are Agriculturists and other type of labourers. Their financial condition is very poor so they are least interested in their daughter's education. Under this scheme to avoid the least attendance in class and to encourage more attendance in the class, scholarship is given to the girl students. Rs. 60 per month for 10 months (June to March).

The scheme is implemented by the Social Welfare Officer, Zilla Parishad.

3. Maintenance allowance to Backward Class students studying in Sainik School :

Students studying in Sainik School, Satara, Nashik and Pune, the entire expenditure on tuition fees, examination fees, lodging, boarding, cloth, uniforms, horse-riding, pocket money etc. incurred by these school for Backward Class students is reimbursed to these schools by Tribal Development Department provided the parents, income is less than Rs. 65,290/- per year. Since 2002-03 onwards the students who studying in sainik school.

4. Grant-in-aid Hostels :

Along with Government hostels, hostels run by the voluntary agencies are paid grant-in-aid to Government at the rate of Rs. 630/- per month for each boy and girl for 10 months and also salary of full time trained Superintendent and grant-in-aid on rent of the building. Grant-in-aid is given to those organizations who construct own building and also grant-in-aid for repairs for these building is given. By the end of 2007 the number of grant-in-aided hostels for S.C. Boys and Girls is 2388.

From 2004-2005 this scheme is diverted to non-plan

(4) (I) Other Sectors

1. CROP HUSBANDRY :

In Maharashtra, agriculture and allied occupations constitute the mainstay of the tribal economy. Nearly 80 percent of the tribal population is engaged in the agriculture. Although, most of the ST families depend on agriculture for their main source of income and occupation, ST tribal agriculture is characterized by low productivity and low input resources and therefore, the per hectare productivity of various crops in the tribal areas is low. Moreover, irrigation facilities in the tribal areas are also extremely limited.

In order to assist tribal families to bring them above poverty line nearly, 88% of the tribals residing in the state are below poverty line. This scheme therefore envisages financial assistance to tribal farmers, who are below poverty line. Under the scheme the subsidy is given on various items which contribute to increase in the productivity of their farms. The State Government has therefore revamped the scheme from 1992-80 as to adopt equal rates of subsidies to all tribal farmers irrespective of their district.

The assistance available to various items to each family is as under :—

Sr. No. (1)	Item (2)	Limit of Subsidy (Percentage) (3)	Maximum of subsidies (Rs.) (4)
1	Land Development Works	100	40,000
2	Input Supply	100	5,000
3	Plant protection /Improved Agricultural Implements.	100	10,000
4	Bullock Pair	100	30,000
5	Bullock Cart	100	15,000
6	Old well repairing	100	30,000
7	In Well boaring	100	20,000
8	Pipeline	100	10,000

	(2)	(3)	(4)
10. New Well construction		100	(Rs. 70,000 to 1,00,000)
11. Farm pond		100	35,000
12. Kitchen Garden		100	200 per Gunta
13. Sprinkle / drip irrigation set		100	25,000
14. Pump set		100	20,000

The total package of assistance under this scheme is limited to Rs. 50,000/- except new well. The assistance to well beneficiary is limited to Rs. 70,000/- to 1,00,000 only.

(ii) HORTICULTURE

(a) Horticulture Plant Protection Scheme :

The objective of the scheme is to control important pests and diseases in horticultural (fruit, vegetable, medicinal) crops. The subsidy @ of 50% against the total cost of pesticides applied for control of pests of fruit, vegetable, flowers, medicinal crops is given to the cultivators. This scheme is implemented by Horticulture Development Officer at district level. Pesticides are supplied by MAIDC.

During 2008-2009 provision of Rs. 3.90 lakh is sanctioned out MAIDC has not supplied the pesticides to Horticulture Development Officer, Zilla Parishad. Hence, the achievement and expenditure is nil.

During 2009-10 from the provision of Rs. 4.34 lakh the expenditure of Rs. 3.70 incurred from which 845 area was covered under this scheme.

During 2010-11 from the provision of Rs. 25.05 lakh was sanctioned, but the due to unavailability of funds in District Collector Office. Hence expenditure is Nil.

(b) Kitchen gardening in backyards of tribals :

Malnutrition is a major problem being faced by the tribal community. To overcome this problem & to provide nutritious diet rich with vitamins & minerals, this scheme is being implemented in 12 tribal districts. The minikits of vegetable seeds, grafts / seedlings of fruit crops and a set of implements for soil and other works is provided to the beneficiaries under this scheme.

During the 2008-2009 under this scheme, 12000 beneficiaries were covered with expenditure of Rs. 30.00 lakh incurred.

During 2009-2010 under this scheme, 11080 beneficiaries were covered with expenditure of Rs. 23.97 lakh incurred.

However for the year 2010-11 provision on Rs. 4.75 lakh is made from which pending bills of previous year (2009-2010).

(c) Strengthening of Horticulture Nurseries :

In Maharashtra state total 134 horticulture nurseries are established. Out of these, 14 are established in tribal areas. Production of quality planting material is the main object of the horticulture nurseries. The material produced on these nurseries is made available to the tribal cultivators at Government rates for establishment of orchards in their farm.

(iii) SOIL AND WATER CONSERVATION :

Development of irrigated area by all means shows that rural development would mostly remain dependent on development of rainfed area and ultimately on watershed development. The state has started integrated watershed development programme ensuring peoples participation in planning and implementation. Objectives of the programme are as below :—

(a) Arresting Soil Erosion.

(b) Recharging ground water and controlling runoff by taking various treatments on ridge to valley

- (3) Development of waste / degraded and highly eroded lands.
 (4) To bring sustainability in agriculture production.

The treatments adopted in watershed development are,—

- (1) Continuous Contour trenches.
- (2) Graded Bund / Live bund.
- (3) Compartment bunding.
- (4) Terracing
- (5) Loose Boulder Structure.
- (6) Earthen Nala Bund.
- (7) Cement Nala Bund.
- (8) Gabion Structure.
- (9) Farm Pond.

Thus the funds under tribal sub plan are utilized for development of watersheds in tribal and remote area. This will help for economic development of the Scheduled Tribe farmers.

(5) 2. Animal Husbandry Programme :

Scheduled areas in the 18 districts have been declared by Government. There are 8041 villages and 12 towns in these 18 districts, which are facilitated by the various activities and advantageous to the beneficiaries of scheduled area. The districts are,—

- | | |
|-----------------|----------------|
| 1. Thane, | 10. Amravati |
| 2. Raigad, | 11. Akola |
| 3. Nasik, | 12. Buldana |
| 4. Dhule, | 13. Chandrapur |
| 5. Jalgaon, | 14. Gadchiroli |
| 6. Pune, | 15. Yavatmal |
| 7. Ahamadnagar, | 16. Nagpur |
| 8. Nanded, | 17. Wardha |
| 9. Parbhani, | 18. Bhandara. |

The following activities were in operation in Scheduled area during the year 2010-2011 :—

1. Mobile Clinics :

Some parts in the scheduled area are remote and hilly. To provide the health cover and other related facilities these Mobile Veterinary Clinics are working in their jurisdiction.

During the year 2010-11, 12 mobile veterinary Clinics are established and 65382 cases are treated. 6 major and 5848 minor operations in clinic centers were carried on.

2. Veterinary Dispensaries & aid centers :

The scheduled area falling in the jurisdiction of Veterinary Dispensaries & aid centers of respective districts are providing Veterinary services and animal health care. So as to facilitate the maximum production output from the live stock and poultry in 14 District 10,21,755 cases are treated. 1,10,703 P.D. cases examined.

3. Different area Schemes :

Various schemes are implemented for the tribal beneficiaries in the scheduled areas. The schemes as integrated rural development Programme, Special livestock production programme, tribal sub plan. The milk animals, bullocks, poultry, bullock carts etc. are distributed on subsidy basis. In 8 District beneficiaries are covered and 78 cow, 363 buffalo, 334 Goat units, 92 Poultry units are distributed to castakar.

3. DAIRY DEVELOPMENT :

As per Government Resolution dated 16th May 2001, individual beneficiary schemes were scrapped. Under Tribal Sub Plan Schemes the sanctioned funds were to be utilized for replacement of old machinery and purchase of new machinery for the processing dairies and chilling plants in tribal region.

In the year 2009-10 Rs. 1.00 lakh funds were budgeted for Dairy Development Department Rs. 0.33 lacs funds were released on BDS. The expenditure was nil for this scheme.

In the year 2010-11 funds of Rs. 5.00 lacs were budgeted under Tribal Sub Plan. Funds of Rs. 4.00 lacs were released on BDS. The expenditure in the year 2011 under Tribal Sub Plan by the Dairy Development Department was Rs. 3.70 lacs for installing Bulk milk cooler at Kohmara, Dist. Gondia.

In the year 2010-2011 a fund under Tribal Sub Plan for Dairy Development Department is Nil.

4. FISHERIES DEPARTMENT :

The inland fishery sources in the tribal areas are mainly rivers, rivulets and hill streams. On account of implementation of major and medium irrigation projects in the tribal area a large number of reservoirs. Nearly 10000 hector of water sheets in the form of tanks and reservoirs are available in the tribal areas for the development of fisheries. Particularly in the inland Districts fishing is a part time vocation of the tribal's. They fish by traditional methods in the small streams, rivulets and seasonal rivers, use of fishes caught by the tribal's are primarily utilized for their own consumption and very small portion of it sometime sold in the market. The methods adopted for catching fish by the tribals are of very primitive types, such as catching fish by cloth, use of herbicides for stunning the fish in the pools etc. However, during the past decade efforts have been made to introduce the practice of fish culture in the ponds and tanks, so that the tribals can utilize the man made water resource for fish production and earn their livelihood.

The main beneficiaries under the fisheries programme are traditional fishermen in the State, though they are backward not included in the category of Schedule Tribes. Therefore, the participation of Scheduled Tribes beneficiaries in the programme of fisheries development has restricted. The programme has to be implemented in such a way, so as to avoid conflict between the traditional fishermen and the non-fishermen for the same water resources.

The salient features of some of the important schemes included in the Tribal Sub plan of are described

(i) Fish Seed Production :

Fish seed of cultivable varieties of fish is prime importance to augment production of fish from the impounded water. The requirement of fish seed for optimum stock available in the water resources of the State estimated to be 3 lakh hector area is to the tune of 60 crore, which includes 10 crore for tribal areas. However, the present stock level of the state is only 30 crore. Therefore, considerable shortage in fish seed is existing. With a view to achieving self-sufficiency in seed production, it is proposed to extend the existing fish seed farms wherever possible and also to establish new fish seed farms in tribal areas. An outlay of Rs. 43.00 crore is provided under the scheme in the tribal sub plan of 2010-2011 and expenditure incurred is Rs. 32.95 crore.

(ii) Fish Farming in Impounded Waters :

The main objective of this scheme is to bring maximum cultivable water areas under fish culture. Under this scheme, seed is supplied at subsidised rate to the fisheries co-operative and local bodies for stocking. Subsidy is also granted on construction of rearing ponds, purchase of food and fertilizers also granted. The scheme aims to increase the fish production and thereby to provide employment opportunities to the rural tribals. An outlay of Rs. 13.02 lakh has been provided for the year 2010-2011 and expenditure incurred is Rs. 6.44 lakh.

(iii) Fish farmer's development agency :

Under Fish Farmers Development Agency the beneficiary chooses from tribal area. Training by the Tribal Department for fishery. These tribal department gave financial assistance to the fisherman. The subsidy pattern is Central share 75% and State share 25%. An outlay of Rs. 1.20 Lakh is provided in the Tribal Sub Plan for the year 2010-2011 and expenditure incurred is Rs. 0.00 lakh.

(iv) Development of Fisheries Co-operatives Societies :

It is necessary to improve the working of these fisheries Co-operatives Societies and to strengthen them economically. For this purpose, under the scheme, financial assistance provided to the Fisheries Co-operatives Societies in tribal areas in the form of managerial subsidy and share capital contribution. This assistance is given to the societies for the first five years after their formation. The recovery of 50% capital contribution is made over after 10 years and the balance of 50% amount is recovered after 15 years. An outlay of Rs. 1.58 lakhs is provided for the year 2010-2011 and expenditure incurred is Rs. 0.62 lakh.

(vi) Assistance for the Purchase of Fishery Requisites :

Under the scheme financial assistance is given to the tribal fisherman in the form of subsidy for various items for fishery requisites like, nylon twine, readymade nets and construction of small boats etc. An outlay of Rs.11.67 lakhs is provided for the year 2010-2011 and expenditure incurred is Rs. 9.15 lakh.

Thus, a total outlay of Rs. 71.37 lakhs has been provided in the Tribal Sub Plan of 2010-2011 under this sector.

B. FOREST DEPARTMENT :

In Maharashtra State, 46531 Sq.Km. (Provisional) of scheduled area is spread over the districts of Thane, Dhule, Pune, Nandurbar, Jalgaon, Amravati, Yavatmal, Nanded, Nagpur, Chandrapur and Gadchiroli. Extent of forest dispersed in scheduled areas in these 12 districts is 25952 Sq.Km. (Provisional) approximately (cutting about 42% of the total forest area of Viz 61939 Sq.Kms. Maharashtra State (Provisional). Forest areas and for forest settlements were established and developed the purpose of ensuring sustained and state availability of labour for forestry works. At present the forest villages and in forest settlements are under the administrative control of the Revenue Department subject to the provisions of Forest Conservation Act, 1980, the inhabitants of the forest villages and forest settlements has same benefits of occupancy rights available to the residents of Revenue villages. The large scale of employment in various forestry works undertaken in forest area has a source of livelihood to the forest dwellers. They were granted concessions, like Nistar and Grazing facilities etc. and were provided amenities like drinking water, school, rooms/clinics etc. through development plan programmes to the extent possible. A brief view of the welfare activities are given below.

I. CONCESSIONS IN RESPECT OF FOREST AND FOREST PRODUCE :

The Forest Department provides ameliorative facilities for the Welfare of the inhabitants in forest villages and forest settlements through measures like meeting their essential needs of forest produce such as small fuel wood, grazing facilities.

II. FOREST LABOURERS CO-OPERATIVE SOCIETIES :

In the year 2010-2011, 155 Forest Labourers Co-operative Societies allotted 262 for working. The breakup of coupes is as under :—

Sr. No.	Name of the Circle	No. of F.L.C.S.	No. of Coupes Allotted
1	Aurangabad	6	7
2	Yavatmal	27	74
3	Nagpur	66	71
4	Chandrapur	17	18
5	Gadchiroli	30	83
6	Amravati	9	9
TOTAL		155	262

During the year 2010-11 there were 350 F.L.C.S. out of which 211 are functioning, 44 F.L.C.S. are not functioning and 73 F.L.C.S. were under liquidation with a total membership of about 54000. Out of 350 F.L.C.S., 115 F.L.C.S. are in tribal areas with a membership of 39000.

Forestry works offers employment opportunities on a very large scale, especially to the tribals and ward class people who were paid wages as fixed by wage board. The total labour employment during 2010-11 estimated to 1,38,25,000 man days.

4. GRANT OF 7% FOREST REVENUE TO ZILLA PARISHADS :

An amount of Rs. 473.64 lakhs (Provisional) was given as grant-in-aid by the Government for carrying out development works in respect of forest villages and in forest settlements.

III. SOCIAL FORESTRY :

No financial outlay was available for the year 2010-2011 under the Tribal Sub Plan for Social Forestry.

IV. CO-OPERATIVE MOVEMENT :

With the State Government's participation by way of Share Capital Contribution, loan and managerial assistance, the Co-operative movement has now become a vital instrument of economic development in the tribal areas. It has become an effective medium for the successful implementation of various schemes, which have

a bearing on the raising standard of living of the tribal population. In order to study the problems of Tribal Co-operative Societies a Committee was appointed on 30th January 1984 under the Chairmanship of Shri Madhukarrao Pichad, the Minister of State for Tribal Development. On the basis of the recommendations made by the committee, Government decided to revitalize Co-operative Societies in the tribal area. Accordingly, by liquefying 275 old societies were established and in the case of 938 new small sizes Adivasi Vividh Co-operative Societies, the following important decisions were taken by the Government to revitalize the co-operative structure in the Tribal areas.

(1) To reorganize the Adivasi Co-operative Societies on the following criteria :—

(a) The area of operation of a society should be limited to 5 to 10 kms.

(b) For each 5,000 population, there should be one society.

(2) While reorganising the societies on the above criteria, the existing societies should be Liquidated and

(3) To extend financial assistance to these societies in the following manner:

(a) To increase the rate of commission under Monopoly Procurement Scheme.

(b) To increase the rate of commission in Fair Price Shops dealings and

(c) Managerial loan provided to Adivasi Co-operative Societies from the fourth to the Seventh year converted into subsidy.

2 The Government has accorded sanction to 100 percent management subsidy to these reorganized societies for a period of five years. The Government has also agreed to convert the operational loans given to the Adivasi Seva Societies into subsidy. However, the pattern in respect of management subsidy and share capital is still under the consideration of Government.

3 The details of some important schemes and outlay provided for them in the Tribal Sub Plan, 2010-2011 are given in the following paragraphs :—

(1) SUBSIDY TOWARDS BAD DEBT RESERVE :

There are two schemes under which financial assistance is given to each Adivasi Co-operative Society towards its bad debt reserve funds up to a limit of 5 percent of the maximum of its outstanding. Government contribution for subsequent years is on the basis of difference in loans advanced in the previous years, subject to the limit of maximum contribution of Rs. 0.30 lakh to each society. The total outlay provided for 2010-2011 is Rs. 5.65 lakh.

(2) GRANT OF INTEREST SUBSIDY UNDER VARIOUS SCHEMES :

There are various schemes for grant of interest subsidy to tribal farmers. These schemes are (i) Interest subsidy to small farmers, (ii) Interest subsidy to Tribal farmers. (iii) Interest subsidy to Adivasi Members Adivasi Co-operative Societies. Government decided that the crop finance disbursed to the Adivasi Co-operative Societies should be at concessional rates. However, tribal members having irrigated crop non eligible for subsidy under these schemes. The scheme wise outlay provided for 2010-2011 are as follows:

	(Rs. in Lakhs)
(i) Interest subsidy to small farmers	5.60
(ii) Interest subsidy to tribal farmers	1.57
(iii) Production Incentive Scheme	42.21

(3) SEVEN YEARS INTEREST FREE LOANS FOR THE PURCHASE OF SHARES OF ADIVASI CO-OPERATIVE SOCIETIES AS WELL AS FOR CO-OPERATIVE CONSUMER SHOPS :

Adivasi Co-operative Societies offer various facilities to tribal members. However, in order to enable the tribals to get membership such societies, Government grants them interest free loan of Rs. 100 thousand which is repayable in 5 equal installments and the first installment becomes due in the third year from the release of the loan. An outlay of Rs. 10.32 lakh has been provided for the year 2010-2011 for this scheme.

(4) FINANCIAL ASSISTANCE TO TRIBAL PURCHASE OF SHARES OF CO-OPERATIVE SUGAR FACTORIES :—

Under this scheme financial assistance is given to the tribal so as to get membership of co-operative sugar factories at the rate of Rs. 5,000 or the actual book value of the share by way of 50 percent interest free loan and 50 percent subsidy. Loan is recovered in 5 equal installments after 2 years from the date of grant of loan. This scheme is being implemented through the District Deputy Registrar of Co-operative Societies. An outlay of Rs. 55.40 lakh has been provided for this scheme for the year 2010-2011.

(5) MANAGERIAL SUBSIDY FOR FAIR PRICE SHOPS OF TRIBAL CO- OPERATIVE SOCIETIES :—

The distribution of food grain and consumer articles is done through Adivasi Multipurpose Co-operative Societies. Under these activities, the societies has losses. In order to reimburse such losses, management subsidy is given at the rate of Rs. 2500/- per society per year. There are in all 141 Fair Price Shops, being run by the existing Adivasi Societies. An outlay of Rs. 1.20 lakh has been provided in the Tribal Sub-Plan of 2010-2011 for this purpose

(6) MANAGERIAL SUBSIDY AND SHARE CAPITAL TO ADIVASI VIVIDH KARYKARI SOCIETIES FOR REVITALISATION :—

Since the activities of the above-reorganized Adivasi societies have been expanded, they will have to appoint additional staff for which they will have to incur management expenses. The estimated excess expenditure involved on management activities would be about Rs. 30,000 per society per year. To meet out this extra expenditure and to run the society on a no profit no loss basis; they are being provided management subsidy of Rs. 30,000 per society per annum or the actual loss incurred by the society on account of management expenditure, in the previous year, whichever is less. However the pattern in respect of financial assistance is still under consideration of Government. An outlay of Rs. 102.49 lakh for management subsidy and share capital, total Rs. 5.05 lakh has been provided in the Tribal Sub Plan for the year 2010-2011.

Hence, the total outlay of Rs. 238.23 lakh has been provided for this sub sector for the year, 2010-2011 under the Tribal Sub Plan.

(GROUND WATER SURVEYS AND DEVELOPMENT AGENCY (GSDA)

The Groundwater Surveys and Development Agency under Water Supply and Sanitation Department implements the following programmes under the Tribal Sub Plan. The details of the scheme are as given below:

(i) Hydro fracturing of Drinking Water Bore wells :

The hydro fracturing is a process to rejuvenate the existing low yielding bore well. In which water is injected with pressure in to the bore well. The fractures in the weaker isolated zone in the bore well widen and existing fractures extend so that the fractures get connected and permeability is increased due to which yield increases in the bore well.

Cost of hydro fracturing is Rs.6,000/- per bore well. A successfully hydro fractured bore well is usually drilled with a hand pump, thus benefiting a population of 250 people.

During the year 2010-11, under Tribal Sub-Plan (TSP) and OTSP a grant of Rs. 3.80 lakhs was received for this scheme. Accordingly the target was of 66 bore wells. The grants were surrendered due to non availability of programme.

(ii) Strengthening of Drinking Water Sources :

For sustainable water supply for drinking purposes, strengthening and safeguarding the water supply is essential. G.S.D.A. has developed certain unconventional techniques for strengthening the source. Measures such as Borehole blasting technique, Fracture seal cementation, Stream blasting and well lining are being taken under this scheme.

For the strengthening of drinking water sources under the Tribal Sub Plan Rs.12.50 lakhs were received during the year 2010-11. 11 BBT projects were taken to strengthen the drinking water sources in the tribal areas. The total amount of Rs. 12,49,760/- were utilized and balance grants of Rs. 240/- were surrendered.

(B) Rural Water Supply :

A large segment of the population (61 percent) in Maharashtra lives in the rural areas in 43,020 villages. The rural drinking water supply programme is a part of the "20-Point Programme" as well as the "National Basic Minimum Services" and the "Prime Minister's Gramodaya Yojana" Drinking water in rural areas is being provided by Piped Water Supply schemes. Bore Wells and Dug Wells depending on the Source of water, terrain and population of the villages.

2. As the entire State receives rainfall only for four months, water retained underground and in the form of dams, rivers and canals is used during the remaining eight months. Extreme exploitation of the underground water has result in depletion of the water sources, leading to scarcity. The only solution to the problem of the nature is to conserve water on watershed basis, preferably with village as a unit. The availability of water is further complicated by the presence of salts in excessive quantities, fluoride, arsenic, iron, and other toxic elements or biologically contaminated in natural water reservoirs at some places. In the background of those constraints, it is the endeavor of the State Government to exploit all the feasible water resources which are comparatively permanent in nature.

3 A study group appointed by Government to study and recommend ways and means to implement Water Supply and Sanitation Programme during Tenth Five Year Plan has recommended that -

- i. The Villages/Wadis not tackled up to the end of Ninth Five Year Plan and those villages /wadis whose water has been chemically polluted should be tackled on priority.
- ii. The capital expenditure for providing main water above the prescribed norms and in respect of house connection should be borne entirely by the beneficiaries.
- iii. Where it is practicable to take maximum decisions in respect of the programme, by Gramsabhas provision should be made in the Act and in the Administrative rules.
- iv. The programme of strengthening of water sources, then recharging through various methods of rain water harvesting should be implemented through people's participation. Sufficient provision should also be made in the budget.
- v. Necessary amendments should be made in the Ground Water Act, 1993 to delegate some of the powers given to collectors under the Act to the Gramsabhas.
- vi. For maintenance and repairs of the schemes, the local bodies should increase the water tax at various stages and should provide funds from their other sources.
- vii. Government may consider sanctioning more grants for construction of individual latrines. To motivate people to make use of latrines and other hygiene government should implement the Sant Gadge Clean Village Abhiyan Permanently.
- viii. At public places, latrine complexes should be provided particularly for women. Also in every village separate toilets should be provided for boys and girls.

4. According to the revised policy now this programme has been implemented on the basis of decentralization and people's participation. Accordingly, the beneficiaries demand for such scheme through Gramsabha, is technically and managerially affordable and acceptable to them. The beneficiaries have to pay 10% of the cost as popular contribution and should borne 100% expenditure towards operation and maintenance of the scheme. A village water supply and sanitation committee has to be constituted for implementation and operation of the scheme.

Dug well and Bore well Programme and Piped Water Supply Schemes costing up to Rs. 75.00 Lakh will be being executed by the Zilla Parishads. Piped Water Schemes costing more than Rs. 75.00 Lakh will be executed by Maharashtra Jeevan Pradhikaran.

5. Operation and maintenance of the scheme is the responsibility of the village panchayat / Zilla Parishads. For this purpose the village Panchayats / Zilla Parishads raises funds by levying water tax from its own resources. The "Maintenance and Repairs fund" created by Government at the district level is being operated by the respective Zilla Parishad. Every Zilla Parishad is required to credit 20% of its own funds in this fund every year. In addition from 2000-2001 15% of the budgeted provision under Rural Water Supply and Sanitation Programme and 15% to total allocation to be received from Central Government under A.R.W.S.P. is provided by Government to the Zilla Parishad for this fund. Also at village level a separate "Village Water Supply and Sanitation Committee" will be constituted.

are routed in each Village Panchayat. In this fund 35% of the grants against land revenue, general and water cess in respect of the water schemes are to be credited. However, as per new guidelines of Government of India 100% expenditure on Maintenance and Repairs of Water Supply Scheme has to be borne by the Gram Panchayat/Zilla Parishad in respect Water Supply Schemes.

According to the survey conducted during 2003-04, 47043 Villages/Wadis are found problematic. Out of 47043 villages/wadis are to be tackled through Minimum Need Programme, ARWSP, Swarjaldhara and External Aided Projects. Excluding 25,656 Villages/Wadis are yet to be tackled. Total fund of Rs. 10000 lakh is necessary up to 2010-2011 for all the 47,043 villages/wadis.

State Government has accepted the guidelines of Government of India, norms for selection of Villages/Habitations and priority for coverage of Villages / Habitations as follows.

(A) Norms for selection of Villages/Habitations :-

(i) Villages/Habitants lack of having water sources within 1.6 Km. distance in plain area and 100 meters in hilly area.

(ii) Villages/Habitations having water source but contaminated by excess salinity, iron, fluoride, arsenic or toxic elements or biologically contaminated source.

(iii) Villages/Habitations having availability of safe drinking water however not as per norms (less than 40 lpcd)

(B) Priority for coverage of Villages/Habitations :-

(i) Villages/Habitations exclusively inhabited by SC/ST or having larger SC/ST population as enumerated in Census Report of 1994 (Survey) and re-surveyed in 1996-97.

(ii) Coverage of Villages/Habitations getting contaminated, toxic water to be covered first and rest later.

(iii) Villages/Habitants receiving less than 40 lpcd water to be brought to level of 40 lpcd.

(iv) Coverage of schools / anganwadies without drinking water facility.

Total outlay of Rs. 3516.72 lakhs has been provided for the villages / wadis in the Tribal areas for the year 2010-2011.

SHWARNJAYANTI GRAM SWAROZGAR YOJANA :

Shwarnjayanti Gram Swarozgar Yojana (SGSY) has been launched in 1999-2000. For this new scheme the ratio of central and State is 75:25. The objective of SGSY is to bring the assisted poor families (Swarozgaris) above the poverty line in three years, by providing them income-generating assets through bank credit and interest subsidy. It would mean ensuring that the family should get minimum Rs. 2000 per month.

Salient Features :

Shwarnjayanti Gram Swarozgar Yojana (SGSY) aims at establishing a large number of micro enterprises in rural areas, building, upon the potential of the rural poor.

SGSY is conceived as holistic programme of Micro Enterprises covering all aspect of Self-Employment and conversion of the rural poor into self help groups and their capacity building, planning of activity clusters, infrastructure build up, technology, credit and marketing.

In establishing Micro-Enterprises the emphasis under SGSY is on the cluster approach. For this, 4-5 villages will be identified for each block based on resources occupational skills of the people and proximity of markets. Selection of key activities will be with the approval of the Panchayat Samities at block level and Zilla Parishad at District level. The major share of SGSY assistance will be in the cluster approach.

SGSY will also focus on Group Approach. At the block level, at least half of the groups will be women groups. In this connection, efforts would also be made to involve women members in each SHG.

Subsidy under SGSY will be uniform at 30% of the project cost, subject to maximum of Rs.7,500/- for SC/STs however, this will be 50% and Rs.10,000 respectively. For groups of swarozgaris (SHGs) the subsidy would be at 50% of the cost of scheme, subject to a ceiling of Rs.1.25 lakhs. There will be no ceiling limit on subsidy for irrigation projects. Subsidy will be back-ended.

SGSY will particularly focus on the vulnerable groups among the rural poor. Accordingly, the SC/STs will account for at least 50% of the swarozgaris, women for 40% and disabled for 3%.

7. SGSY will be implemented by the DRDAs through Panchayat Samities.

Since the Swarnjayanti Gram Swarojgar Yojna the implementation of, up to the year 2010-11 expenditure of Rs. 24361.08 lakh has been incurred on 253169 Swarojgaries.

DROUGHT PRONE AREA DEVELOPMENT PROGRAMME :

Drought Prone area Development program is implemented in Maharashtra State in accordance with guidelines of Government of India issued from time to time. Government of India sanctions watersheds as per these guidelines. The watersheds are to be completed in 5 years. First guideline came into force from 1st April 1995. 872 watersheds were sanctioned under these guidelines and ratio of central and state share was 50:50. GoI released their share in 7 installments. Next installment is released if 50% expenditure from previous installment grants is incurred. Voluntary organizations were also allowed to develop watershed.

From 1st April 2001 amended guidelines came into force. Rate was fixed at Rs. 4000/- per hectare and ratio of central and state share is 75:25. GoI released their share in 7 installments. Rate increased from Rs. 4000 to Rs. 6000 per hectare excluding 219 watersheds sanctioned in 1999. Further Government of India sanctioned 888 watersheds in 2001 and 296 watersheds in 2002.

From 1st April 2003 new guidelines namely Hariyali came into force. Ratio is same but installment came from 7 to 5 and voluntary organizations were at least priority for watershed developments. 296 watersheds in 2003, 303 watersheds in 2004, 360 watersheds in 2005 and 436 watersheds in 2006 were sanctioned.

No single watershed is completed. Required information in respect of watersheds in Tribal area is as follows :—

(i) Change in policy: As this is centrally sponsored program state has no separate policy.

(ii) At present works under watersheds sanctioned under guidelines 1999 and 2003 are in progress, as program is to be completed in 5 years, there is no year wise target. The budget estimates are prepared considering 1 or 2 installments. If central share is released from Government of India then matching state share is released. For year 2010-11 the budget provision and expenditure is as mentioned below for 570 watersheds in 32 blocks of 10 districts. Rs. 1049.79 is budgeted for the year 2010-11. Work in 2 watersheds of Batch VI for the Ahmednagar and 17,16 and 24 watersheds of Batches VI, VII and VIII for the Yavatmal area at completion stage.

District	Batch 5	Batch 6	Batch 7	Batch 8	H-I	H-II	H-III	H-IV	Total
Ahmednagar	0	9	2	0	2	4	5	5	27
Dhule	6	3	2	0	2	2	2	3	20
Nandurbar	23	11	8	0	8	8	9	12	79
Nasik	0	0	4	28	14	19	22	24	121
Pune	0	0	6	0	6	0	0	0	12
Nanded	6	4	2	0	2	2	2	2	20
Nanded	6	4	2	0	2	2	2	2	20
Yavatmal	32	17	16	24	16	9	11	22	147
Amravati	0	0	2	4	2	4	5	2	19
Chandrapur	0	20	6	9	6	6	7	9	63
Gadchiroli	0	40	6	0	6	7	9	10	78

(iii) The following watersheds are foreclosed by Government of India and no further installments will be released :—

District	No of watersheds
Ahmednagar	2
Pune	6
Nandurbar	50
Gadchiroli	46

Maharashtra Gramin Employment Guarantee Scheme :

The Government of Maharashtra has decided to amend its EGS Act, 1977 and enlarge the scope to remove parts that are inconsistent, less favourable and to accommodate the essential features of the Central Act in the light of section 28 of the National Rural Employment Guarantee Agency. Accordingly, a scheme is formulated under section 4 of the NREGA and known as the Maharashtra Rural Employment Guarantee Scheme, 2006. The scheme will provide more facilities to manual workers and effectively implementation of the scheme.

In the first phase the scheme is applicable in 12 district of Maharashtra those are Dhule, Nandurbar, Jalgaon, Amravati, Aurangabad, Nanded, Hingoli, Yavatmal, Amaravati, Gondia, Bhandra, Chandrapur and Gadchiroli and in addition it will be implemented in other districts from the notification that will be notified from time to time by the Central Government.

However, it will be substantially applicable to all remaining districts excluding Mumbai City and Mumbai Metropolitan District and 'C' Class Municipal areas. The liability of the Central Government will be restricted to providing employment to rural households for hundred days in a financial year. The State undertakes all other liability.

(Object of the scheme :

The object of the scheme is to provide for the enhancement of livelihood security of the households in rural areas and 'C' class municipal areas of the Maharashtra by providing guaranteed wage employment throughout the year to every adult person who volunteers to do unskilled manual work. The guarantee to provide work is restricted to unskilled manual work. The fundamental objective of the scheme is that on completion of the works undertaken, some durable community assets will be generated and that the wages paid to the workers will be linked with the quantity of work done.

The features of the schemes :—

1. As per section 2 (g) of the NREGA Act that any department of the State Government, Zilha Parishad, Mahayaj Samiti, Gram Panchayat or any local authority or Government undertaking or non-governmental organisation shall be appointed as "implementing agency" to undertake the implementation of any work taken under a Scheme;

2. As per section 6 (1) of the Act, the Minimum Wages rate shall be applicable as specified by the Central Government.

3. As per section 7 (2) of the Act, the unemployment allowance shall be payable. That no such rate shall be less than 25% of the wage rate for the first thirty days during the financial year and not less than 50% of the wage rate for the remaining period of the financial year.

4. As per section 12 of the Act, the State shall constitute State Employment Guarantee Council.

5. As per section 13 of the Act, the Gram Panchayts shall participate for planning and implementation of schemes made under this Act.

6. As per section 16 of the Act, the Gram Panchayat shall be responsible for various work such as identification, executing, supervising, etc. e of the Gram projects.

7. As per section 10 of the Act, the Gram Sabha shall be participate in identification of works

8. As per section 18 of the Act, the District Collector shall act as District Programme Coordinator for the implementation of the scheme in the district.

9. The Chief Executive Officer, Zilha Parishad shall be act as Joint District Programme Coordinator for implementation of the scheme in the district.

10. As per section 15 of the Act, the Programme Officer shall be appointed at every Panchayat level who work under the guidance of the Sub Divisional Officer and District Collector.

11. The necessary staff and technical support shall be made available to the Programme Officer.

12. As per section 28 of the Act, the State Government shall ensure proper execution, transparency and accountability at all levels in the implementation of the Schemes.

INDIRA AWAS YOJANA

Introduction :

Indira Awas Yojana was started during 1985-86 as a sub-scheme of Rural Landless Employment Guarantee Programme (RLEGP) in Maharashtra State. Thereafter, from the year 1989-90 Indira Awas Yojana was implemented in the state as a sub-scheme of Jawahar Rojgar Yojana (JRY). The scheme is being implemented in the state from 1st January 1996.

Target Group :

The houses are constructed under this scheme for below poverty line households in the rural areas belonging to Scheduled Caste / Scheduled Tribes, free bonded labourer and non-SC/ST categories. The beneficiaries are selected from the permanent IAY (Indira Awas Yojana) wait list according to IAY guidelines. Under IAY the houses are being constructed for people who are below poverty line. As per the guidelines of the Indira Awas Yojana 60% grants are made available for SC/ST beneficiaries. A fund to the tune of 3% has been earmarked for the benefit of physically and mentally challenged BPL persons. 15% funds are earmarked for minority BPL beneficiaries.

In order to construct durable houses of quality Central Government fixed a value of per house is Rs. 45,000 from 1st April 2010 and including of state share 25% plus additional State Share the cost per house is Rs. 70,000.

The breakup of this Rs. 45,000 is as below :—

(A) Central Government's share (75%)	Rs. 33,750	} Total State's share per New house is Rs. 34,750
(B) State Share (25%)	Rs. 11,250	
(BII) State Governments (Additional)	Rs. 23,500	
(C) Beneficiary Share in the form of Labour	Rs. 1,500	
Total ...	Rs. 70,000	

4. The Government of India has given the allocation of Rs. 52329.94 lakhs under IAY for the current year 2010-11. The State Government has made the budgetary provision of Rs. 17443.31 lakhs.

POWER DEVELOPMENT :

Under this programme, during the year 2010-2011, 1,995 electric motor pumps were energised in the Tribal Sub Plan areas. In addition 9,842 domestic connections were released for tribal beneficiaries. Total outlay of Rs. 3238.00 lakh was provided for electrifying 1,036 agriculture pump sets and release of 9,494 domestic connections.

MAHARASHTRA ENERGY DEVELOPMENT AGENCY

(1) Solar Home Light in common study room :

In rural Maharashtra area, because of acute shortage of power, there is load shading for 12-14 hours a day. Therefore, students are not able to study during the load shading period at night. In order to overcome this situation, MEDA has introduced new scheme of solar home lighting system in common places like school Gram Panchayat office, Samaj Mandir, etc. Under this scheme 4 CFL lamps with PV module and battery provided. Under this programme 375 villages will be covered with estimated cost of Rs. 90.00 lakhs.

(2) Solar Energy Applications in Ashram Shalas - Solar Home Light, Street Light, Water Heating System & Power Packs :

The installation of solar energy applications - home lights, streetlights, water heating systems & power packs in Government tribal schools, will help the students to study during night hours, enable them to use computers during the period of load shading, provide security during night time and provide hot water bath. It is proposed to implement the scheme in 17 Ashram School with estimated cost of Rs. 380.00 lakhs.

(3) Village Electrification Programme :

Remote Village Electrification (RVE) programme is initiated with an objective to electrify remote villages and hamlets through non-conventional energy sources. The object of the programme is to provide electricity to the people living in the most backward and deprived regions of the tribal area. Electrification

ough Solar Photovoltaic Home light and Street light system is undertaken under this scheme. For this programme outlay of Rs. 10.00 lakhs is proposed for electrification of 2 villages.

(4) Wind Solar Hybrid System in Ashram Shala and Hostels :

Government Tribal Schools and Hostels are located in tribal areas of the state. Students in these are unable to study during the period of load shading at night. Considering this, MEDA has introduced a scheme of installation of Wind Solar Hybrid System for generation of electricity in these schools and hostels. It is proposed to implement the programme in 16 Ashram Shalas / Hostels with total estimated cost of Rs. 500.00 lakhs. Out of this State share will be Rs. 150.00 lakhs and Central Government Share will be Rs. 350.00 lakhs.

(5) Bright Street Lights at Gram Panchayat :

In villages, GLS (General Lighting Service) filament bulb is used for street lighting purpose. These bulbs are used in different watts like 60 watts, 100 watts, 200 watts etc. The efficiency (1600 lumens for 100 W (GLS)) of these bulbs is very low, it leads to energy wastages and lifespan of the bulb is less i.e. 1000 burning hours and bulbs require replacement regularly. Considering this the programme of Bright Street Light at Gram Panchayat of Tribal areas will implemented to save energy by providing energy efficient street light fittings (36 W-CFL), which has more efficiency in terms of lumens output (2900 lumens for 36 W CFL) and more lifespan i.e. 10,000 burning hours. During the year, 4375 fitting are proposed with estimated cost of Rs. 10.00 lakhs.

PUBLIC HEALTH :

In the TSP areas the population Norms for establishment of Primary Health Centre (PHC) has been defined, and fixed as one Primary Health Centre for 20,000 populations. By the end of the year, 300 Primary Health Centers were functioning in the TSP areas. The target for opening PHCs as per the population norm was fulfilled. In addition to this, 2075 sub centers and 67 Rural Hospitals were also functioning in the Tribal Plan areas. For these schemes expenditure of Rs. 5773.10 lakh was incurred during the year. Details of the provisions / expenditure for the year 2010-2011 are given in the Table No. 3.10

TABLE 3.10

Statement showing the details of the provisions and expenditure for the year 2010-2011 and the target for the year 2011-2012 of schemes implemented by the Health Department

Name of the Scheme	No. of Tribal Health Institutions	Budget Provision	Expenditure	Target for year 2011-2012
Sub Centers	2075	1462.80	1349.96	Construction of Sub Centers, PHC and Rural Hospital

INDUSTRY AND MINERALS

DISTRICT INDUSTRIES LOAN SCHEME

The objective of the scheme is to provide financial assistance in the form of margin/seed money for the setting up of small industries in semi-urban and rural areas with a view to generate employment opportunities and self-employment.

Margin money assistance is admissible only to those units whose investment in plant & machinery does not exceed Rs.2 lakhs. All towns and rural areas having population of less than 1000 are covered under the scheme. The extent of assistance is 20% of the total investment is Rs. 40,000 whichever is less. In case of entrepreneur belonging to general category, and in case of entrepreneur belonging to scheduled

State and scheduled tribe assistance upto 30% of total fixed capital investment or up to maximum of Rs. 60000 whichever is less is provided. All units falling within the preview of the Small Scale Industries Board and Village Industries, handicrafts, handlooms, Silk & Coir Industries are covered under the scheme.

Under this scheme total provision of Rs. 10.60 was made and expenditure incurred is Rs.0.00 on 36 beneficiaries.

2. Revised SEED MONEY SCHEME :

The objective of the scheme is to encourage unemployed persons to take up self-employment ventures through industry, service and business, by providing soft loans to meet part of margin money to avail institutional finance.

Scope :

As per Government Resolution, dated 18th May 2007, the Government of Maharashtra has made the following changes in the earlier Seed Money Scheme.

- Project cost increased from to Rs. 10 lakhs to 25 lakhs for industry, service and business activity
- Seed Money assistance at 15 per cent of the project cost approved by financial institutions is offered. In case of projects up to Rs.10 lakhs, the quantum of assistance is 20% for SC/ST/OBC/NT/VT/Handicapped.
- Seed Money component upto 3.75 lakhs maximum.
- Bank loan 75% of the project cost.
- The rate of interest on seed money is 6% per annum and if the borrower repays installment regularly and within schedule time, then the borrower will get rebate of 3% in interest. So he has to pay only 3% interest. Hence, for regular repayment interest of 3% per annum.
- If the installment is not repaid in time, it will attract 1% penal interest.

The repayment of loan starts after three years in four yearly installments for industry cases. In other cases repayment starts after six months of loan availment.

ENTREPRENEURIAL DEVELOPMENT TRAINING PROGRAMME

This scheme was introduced with the objective of training to the educated unemployed person to take up self-employment ventures, skilled wage employment wherein guidance is given related to industry / service business activities & skill upgradation. Information regarding choice of activity, necessities of land, project report, various no objection certificates, marketing etc. is given. Under the scheme, training is imparted by MOED, MITCON and other NGOs approved by Directorate of Industries.

(XX) ROADS AND BRIDGES :

During the year 2010-2011 budget provision of Rs. 27493.60 lakhs was made under Tribal sub Plan and an expenditure of Rs. 24288.24 lakhs was incurred for Road and Bridgework.

The State Government also complete road works with the help of Border Road Organization in the most sensitive areas of Gadchiroli districts.

(14) IRRIGATION (Water Resources Department) :

The main occupation of the tribals in the State is agriculture. Despite, are irrigation facilities existing in tribal areas inadequate. Moreover, the command areas of the irrigation projects usually lie in the plain land whereas the tribal mainly resides in the hilly areas. Therefore, the Major benefits of these projects predominant go to non-tribal land holders. The increase in agricultural production is inestimably linked with increase in irrigation facilities in the State. The flow of benefits from the major and medium irrigation projects to tribal are usually negligible on account of the reasons mentioned above and hence it is quite necessary to give the highest priority to minor irrigation works in the Tribal Sub Plan areas :—

Annual Plan 2010-11	89	14068

Scheme wise details are given in following paragraphs

State Plan

EXPANSION PLAN OF TRIBAL ITI— Due to change in Technology and Production process as well as specific Trade skilled worker in service sector, to achieve this goal it is necessary to introduce New Trades in Tribal from the Annual Plan of 2010-11. Rs. 484.00 Lakhs are provided for construction of State level and for continuity and new works and Tribal ITI Buildings. Out of this Rs. 484.00 Lakhs expenditure are incurred Rs. 484.00 Lakhs. In this scheme programme scheme introduced 12, 28 Ashramshala, stipend for Tribal students in ITI Magel, Tyala Vyawsai Prashikshan. Additional trades for women in existing ITI. Hostel buildings for tribal students and construction of Hostel buildings in Tribal Areas for this scheme Rs. 484.00 Lakhs provide for construction of workshop and administrative building on state level.

PROCUREMENT OF DEFICIENT EQUIPMENTS IN EXISTING ITI— The training must be need based and unless updated the same cannot sustain to the industrial world. Updating of curriculum results in new tools equipments and machineries are to be purchased. Further normal use of such tools leads to their wear and tear which ultimately results in need for new tools. Thus revision of syllabus, advance technology and normal results in deficiency of tools and equipments. In Maharashtra there are 56 Govt. ITI's in tribal sub plan which will need to procure deficient equipment. Moreover, to replace of worn-out machine tools, hand tools, etc. from old institutes. An outlay of Rs 516.00 Lakhs approved for Annual Plan 2010-2011, out of this Rs. 416.00 Lakhs is expenditure for 56 tribal ITIs.

CONSTRUCTION OF WORKSHOP AND ADMINISTRATIVE BUILDING / HOSTEL BUILDING / ESTABLISHMENT OF NEW ITI'S— There are 61 Govt. ITIs functioning in the State under Tribal Sub-Plan. Out of which 43 Government ITIs are having their own workshop and Administrative Building. 11 Institutes

are running in private buildings on rental basis. For this purpose an outlay of Rs. 852.00 Lakhs are provided for Annual Plan 2010-11. Out of this Rs. 511.00 lakhs expenditure. (7)

4. **INTRODUCTION OF ADDITIONAL SEATS IN EXISTING ITI AND EXPANSION OF EXISTING ITI.**— In order to advantage care of certain skill are as in the context of technological advancement as well as developments in other sectors viz. Electronics, Industry, Creation of T.V. Transmission Centers, Refrigeration and Air Conditioning development of petrochemical complexes, Plastic Technology, as also to train manpower in the field of Electronics for Computer services, additional seats have been introduced in existing ITIs. For this purpose an outlay of Rs. 338.00 Lakhs is approved for Annual Plan 2010-2011. The proposal is post creation are not sanction the outlay is not releated.

5. **INTRODUCTION OF TRADE OF MORE DEMAND IN LIEU OF TRADES OF LESS DEMAND.**— For arranging need base training programmes and to establish strong linkage between training and employment opportunities, review of the training courses in different old ITIs of Tribal Sub-Plan for starting new trades becomes essential. Such change over creates enough flexibility in training system and it becomes need oriented. It also helps to remove the imbalance between the skills and the training facilities available. Such diversification is need based. For this purpose an outlay of Rs. 125.00 Lakhs is approved for Annual Plan 2010-11. Approved is not administrative.

6. **VOCATIONAL TRAINING CENTRE IN ITI.**— For this purpose Rs. 2512.40 Lakhs are approved for Annual Plan 2010-11. Due to change in Technology and Production process as well as specific Trade skilled worker in service sector, to achieve this goal it is necessary to introduce new trades in it. In this Scheme 12 various Schemes are included and implemented in 14 ashram schools. The items covered under this scheme are subsistence allowance, stipend for Tribal Students in ITI, Magel Tyala Vyawsai Prashikshan, additional trades for Women in existing it, Hostel facilities for tribal students and construction of Hostel buildings in Tribal Areas. For this purpose Rs. 1544.00 Lakhs for strenthen of 28 Asharamshala and 61 tribal ITI's.

7. **ESTABLISHMENT OF NEW ITI.**— For this scheme Rs. 487.00 lakhs are approved annual plan 2010-11. Out of this Rs. 438.00 lakhs are expenditure for 4 new ITI's committed.

A total outlay of Rs. 3745.00 Lakhs is approved during Annual Plan 2010-11. Out of this Rs. 2538.00 lakhs are expenditure.

19. TECHNICAL EDUCATION : PART - II :

The technical education system has been reorganized by the State through the introduction of improved technologies and supply of adequate technical and managerial manpower to this sector. The planning for technical education is based on the projections of future technological development, the social relevance etc. In the Tribal sub plan area, emphasis has been given on vocationalisation of education at the stage and development of facilities in pre-secondary school certificate (SSC) vocationalisation of education. An outlay of Rs. 126.88 lakh has been provided for this sector in the year 2008-09. The scheme details are as follows.

(I) + 2 VOCATIONAL EDUCATION;

(A) In order to motivate the trainees to get self-employment or employment after completion of the higher secondary education and to divert them from the University Education, the scheme of Vocationalisation of Education at +2 stage has been introduced. The main aim is to give useful education at the level of secondary and even after completion of the secondary education. In this scheme i) Technical ii) Commerce iii) Agriculture iv) Food Technology v) Fisheries and vi) Para-medical, total 18 different subjects have been introduced by Maharashtra State Board of Secondary and Higher Secondary Education, Pune.

(B) The Central Government had announced its new education policy in 1986 and bplined that emphasis should be laid in the vocationalisation at +2 Stage higher secondary level, accordingly the State Government has started Minimum competency based vocational courses from 1988-89 in following 6 different groups i) Technical ii) Commerce iii) Agriculture iv) Food Technology v) Fisheries and vi) Para-medical, at present 27 competency based vocational subjects are started in the 8th and 9th five year plan.

Since the inception of this scheme, 2 Government and 64 private junior colleges from the TSP area has introduced this scheme. In annual plan 2010-11 Rs. 42.75 lakhs are proposed.

ENHANCEMENT OF FACILITIES IN PRE SSC VOCATIONAL EDUCATION :

There are 13 Government Technical High Schools / Centers running in the TSP Areas in the state, with an intake of 3684 students. All these centers are established exclusively for giving the benefit of technical education at the Pre-SSC stage for the student in tribal areas. To remove the deficiency of machinery and equipment and complete the uncompleted building construction works. In annual plan 2010-11 Rs. 505.38 lakhs have been provided.

(d) Introduction of certificate courses in Board Vocational Examination :

In annual plan 2010-11 Rs. 18.00 lakhs has been provided.

MUNICIPAL DEVELOPEMENT

TOWN PLANNING AND VALUATIONAL DEPARTMENT

In accordance with the guidelines issued by the Central Government, State Government has adopted a plan for identifying areas under the Tribal Sub-plan in the year 1975-76 and implemented with effect from 1st April 1977. There are 10 Municipal Towns in the Tribal Sub-Plan area which exist in Thane, Nasik, Nandurbar, Jalgaon and Yavatmal districts.

The Development plans for Municipal towns are sanctioned under the provisions of Maharashtra Regional and Town Planning Act, 1966. The State Government initiated the scheme, viz. UD-6(a) scheme for Financial Assistance to the Municipal Councils for implementation of the Development Plan, back in the year 1964. In the course of time, this scheme has become integral part of the District Plan. The scheme is also made available to the Municipal Councils in tribal area. Under this scheme Financial Assistance is given to Municipal Councils in the form of both Grant-in-aid and loan for the sites reserved in the Development Plans depending on the class of Municipal councils. For C-1 class Municipal councils having population less than 15000 souls Grant-in-aid is given for their non-remunerative works and accordingly special attention is being paid to these Municipal Towns.

The priority list of sites which are to be implemented under this scheme, is as mentioned below :—

1. Acquisition of lands for various purposes.

2. Market and weekly Bazaar.

3. Schools and construction of Roads.

4. Dispensary and Hospitals.

5. Burial and Cremation Grounds, Slaughter houses.

6. Library.

7. Parks and Gardens.

8. Social Welfare Centers.

9. Construction of Public Latrines and Urinals.

Information about the release of grants by the State Government.

Year	Amount of grant released by State Government
1994-1995	90.76
1995-1996	53.00
1996-1997	121.05
1997-1998	144.10
1998-1999	126.62
1999-2000	104.50

No	Year	Amount of grant released by State Government
7	2000-2001	78.41
8	2001-2002	37.416
9	2002-2003	69.265
10	2003-2004	112.75
11	2004-2005	NIL
12	2005-2006	32.72
13	2006-2007	73.81
14	2007-2008	149.94
15	2008-2009	112.44
16	2008-2009	66.59
17	2009-2010 (for first 4 months)	* 37.48

* Grant released for first 4 months and for that controlling officer was Director of Town Planning, Maharashtra State, Pune.

Now, as per Government Resolution No. TSP-2008/C.R.6/Desk-6, dated 16 December 2009, Collector of the concerned districts, is the controlling authority for this scheme.

21. NAV SANJEEVAN YOJANA :

The Nav Sanjeevan Yojana aims at integrated and co-ordinated implementation and strengthening of various facilities like drinking water, health etc. to the tribals which were previously being implemented by several agencies at several levels without ensuring proper co-ordination.

At present the following schemes have been included in the Nav Sanjeevan Yojana and are being implemented :—

(1) Employment Programme :

- (a) Employment Guarantee Scheme
- (b) Centrally Sponsored Sampurna Gramin Rojgar Scheme.

(2) Health Services

- (a) Providing primary health care services
- (b) Providing Pure and Clean drinking water

(3) Nutrition Programme

- (a) Integrated Child Development Scheme
- (b) School Feeding Programme

(4) Supply of Food grains

- (a) Distribution of Food grains through Fair Price Shops
- (b) Revamped Public Distribution System
- (c) Door Delivery System

(5) Consumption Loan Scheme

Health Services :

Tribal areas are generally inaccessible due to difficult terrain. Such areas are, therefore, deprived of timely and adequate health facilities, particularly during the monsoon when there is interruption in the communication machinery. In order to overcome the problem the government has decided to provide following health facilities. The Government has also decided the implementation of "Melghat pattern" the schemes of Health and Nutrition in all districts of Tribal Sub Plan Area from 2003-2004. In this sensitive tribal area an outlay of Rs. 2653.54 lakh has been provide for the year 2009-2010 to provide health services.

(1) Pada Volunteer Workers :

Tribal population is scattered in Adivasi Padas. Due to inaccessibility of Padas in rainy season it is essential to provide Health service to tribals. To disinfect drinking water and intimate the outbreak of any epidemics.

(2) Medical check-up of mothers and children of each family in each hamlet and provision of facilities to high risk mothers and grade III and IV children in the I.T.D.P. Area of 5 critical districts :

Under this scheme 172 Rescue Camps headed by Honorary Medical Officers on Honoraria of Rs. 8,000 per month have been sanctioned.

(3) To provide antenatal maternity benefit for 3 months and one month's post-natal maternity benefit to high risk mothers :

This scheme is introduced to reduce the number of premature births under this scheme financial assistance of Rs. 200 is paid per month to each high risk pregnant women for 4 months. The Government has decided the implementation of this scheme in all tribal districts from 2003-2004.

All above mentioned schemes are merged together under new name providing Special Health Services in sensitive tribal area. For this scheme Rs. 2653.54 lakh has been allocated for the year 2009-2010.

(4) Appointment of Hon. Pediatricians :

This scheme is only for the talukas of Dharni and Chikhaldara in Amravati district. Under this scheme, an honorarium of Rs. 300 per visit is proposed to be paid to the pediatricians visiting the Dharni and Chikhaldara area of Amravati district for examining children.

(5) Monthly Meeting of Trained Dais :

In the Integrated Tribal Development Project area the deliveries are conducted by the Dais. This scheme has been introduced for ensuring 100% registration of deliveries and to undertake survey and to monitor high risk mothers and newly born babies. For this purpose a provision of Rs. 35.04 lakh is made in TSP 2008-2009.

(6) Establishment of Pediatric I.C.U. at Nandurbar District :

To reduce the death of infants, pediatric I.C.U. has been sanctioned at the Children Health Centre, Nandurbar and Gondiya district, for this scheme a provision of Rs. 35.04 lakh is made in TSP 2009-2010.

NUTRITION :

In the inaccessible area of Dharni and Chikhaldara talukas of Amravati, Thane, Nashik, Dhule and Chandholi Districts, additional supplementary nutrition is intended to be provided to the tribal beneficiaries of 15 Integrated Child Development Projects.

The revised rates of supplementary nutrition are as shown in the following statement.

Sr. No.	Kind of beneficiaries	Rate of Supplementary nutrition per day in Rs.
1	Children in the age group of 0 to 6 months to 2 years	Rs. 1.50
2	Children in the age group of 2 to 6 years	Rs. 2.25
3	Malnourished children in the age group of 6 months to 2 years (Grade III and IV).	Rs. 4.50
4	Malnourished children in the age group of 2 years to 6 years (Grade III and IV).	Rs. 4.50
5	Pregnant and Lactating mothers	Rs. 4.50

EMPLOYMENT PROGRAMME :

Employment programmes are being implemented in such a manner as to provide sufficient employment opportunity in every tribal village or a group of villages so that the migration of tribals is reduced and for this purpose sufficient numbers of works have been sanctioned. Wages to the labour on employment programmes are paid expeditiously.

CONSUMPTION LOAN :

The Government of Maharashtra is implementing the scheme of Consumption Loan since 1978, to avoid the tribals from malnutrition during the lean period of the monsoon.

With effect from the last year, this scheme has been further revised and the rates of loan are as follows :—

- (i) Family having up to 4 units on the ration card : Up to Rs. 2,000
- (ii) Family having between 4 to 8 units on the ration card : Up to Rs. 3,000
- (iii) Family having beyond 8 units on the ration card : Up to Rs. 4,000

Also as decided families with children in grades III and IV would continue to be covered irrespective of whether they are defaulters or not. In the 2005-2006, 1,78,845 families have been given of food grains amount to Rs. 50.00 Crore and for the year 2009-2010 has made available for this scheme.

23. SPECIAL CENTRAL ASSISTANCE :

In addition to the State Plan Outlay, the Government of India has sanctioned Special Central Assistance (SCA). The Special Central Assistance received from the Government of India (annually) is shown in Table 3.8

CHAPTER IV

ANTI-EXPLOITATIVE MEASURES

The State has a long tradition of protecting the interests of Tribals by providing suitable legal protection in all spheres of life wherever there is a possibility of exploitation.

1. Legislative Measures for the Protection of the interest of Tribal in Land.

(A) The Bombay Land Revenue Code, 1879.

2. During the latter part of the nineteenth century, in some notified areas within the British administered Bombay Presidency/Province, restrictions were imposed on the transfer of land belonging to backward communities including tribals. To achieve this objective, an amendment to the Bombay Land Revenue Code, 1879 was made in 1901 by incorporating two new sections, viz. 73-A and 79-A. Under section 73-A, in certain tracts or villages, where the original survey and settlement had not been introduced, Government issued a notification, declaring that the occupancies shall not be transferable without the prior sanction of the Collector, after the date of such notification. Accordingly, a notification was issued in 1902 covering certain villages of the State. The restriction was made applicable only to the lands held by members of the backward communities and excluded those held by Brahmins, Baniyas, Marwaris, Prabhus, etc. Under Section 79-A provision was made for summary eviction of person occupying such lands, in an unauthorized manner.

(B) The Maharashtra Land Revenue Code 1966.

3. The Maharashtra Land Revenue Code, 1966, a unified Code for the State of Maharashtra, was brought into force with effect from 15th August, 1967. Restrictions were imposed under Section 36 of the said Code on alienation of land belonging to tribals. Sub-section (2) of the aforesaid section 36 provided that occupancies of persons belonging to such STs as may be notified by Government, shall not be transferred except with the previous sanction of the Collector. Sub-section (3) further provided that if any transfer has been made in contravention of Sub-section (2), the transferor or his heir may apply to the Collector within 2 years of the date of such transfer for restoration of the land. The Collector on receipt of such application had to determine in the prescribed manner the liabilities for arrears of land revenue or any other dues forming charge on the land and restore such land to the tribal, on his acceptance to pay such amount. The major weakness of the above provision was that the Collector had no powers to restore the land to the tribal (original owner) (i) if the application was made two years after the transfer and (ii) if the tribal applicant declined to agree to pay, the arrears of land revenue and other charges towards the dues on the land.

4. It was, however, observed that despite these provisions, transfer of land from tribals continued. In 1971, the State Government, therefore, set up a Committee under the Chairmanship of the Revenue Minister, Mr. H. G. Yartak, to enquire into and report on how far the provisions of the Maharashtra Land Revenue Code, 1966 and the relevant tenancy laws had been effective in giving protection to people belonging to the backward communities and to suggest remedial measures thereto.

5. The Committee in its report observed that, despite the provisions made under the Sub-sections (2) and (3) of Section 36 of the Maharashtra Revenue Code, 1966 transfer of tribal's lands to non-tribals continued. Such transfers, according to the Committee, broadly fell into two categories: (a) transfer to non-ST persons in clear violation of the provisions of Section 36 (2) of the Maharashtra Land Revenue Code, 1966 and (b) under the provision of Section 36 (b) of the Maharashtra Land Revenue Code, non-tribals could obtain the land of a tribal on lease with the permission of the Collector if the tribal holder was sick and/or unable to cultivate/disabled from cultivating the land.

6. A number of non-ST persons took undue advantage of the above provisions of Section 36 (2) of the Code and took lands belonging to tribals on lease and occupied the same for the period required to claim the status of a tenant. Later on such non-tribal tenants lawfully acquired ownership rights in the land under the tenancy laws through the Tenancy Courts.

(C) The Committee made certain other important recommendations though not directly connected with the prevention of further alienation of lands. These were mainly for the restoration of alienated lands to the tribals. Among them, the Committee suggested an amendment to section 36 of the Maharashtra Land Revenue Code, 1966 seeking to provide that the Tribal Lands obtained by the non-tribals by way of transfer made on or after 26th January, 1950, be deemed to be unstatutory mortgages for a period not exceeding 20 years from the date of the transfer. On the expiry of this period or on the payment of the amount found due and payable by the transferor in respect of the mortgage, the land be restored by the Revenue Officer to the ST person, i.e. the transferor. The Committee also recommended that tribal's lands purchased by non-tribals under the Bombay Tenancy and Agricultural Land Act, 1948, be restored to them, and suggested necessary amendments to the Tenancy Act, 1948, to remove legal obstacles, if any to implement this.

8. The above recommendations of the Committee were examined by the State Government and two important legislations were enacted in order (a) to prohibit transfer of land by tribals and, (b) to restore alienated lands. These legislations were:—

(i) The Maharashtra Land Revenue Code and Tenancy Laws Amendment Act, 1974 (Mah. XXXV of 1974).

(ii) The Maharashtra Restoration of Lands to Scheduled Tribes Act, 1974 (Mah. XIV of 1975).

(C) The Maharashtra Land Revenue Code and Tenancy Laws (Amendment) Act, 1974.

9. The Act came into force with effect from 6th July, 1974. It deals with restoration of tribal's land illegally transferred to non-tribals. By this Act, Section 36 (3) of the Maharashtra Land Revenue Code, 1966 was amended to provide for restoration to a tribal, his land illegally alienated to a non-tribal, any time before the 6th July 1974. Another new Section 36-A inserted in the Code, by this Amendment Act, imposes restrictions on future alienation of land belonging to tribals by way of sale (including sales in execution of a decree of a Civil Court or award of any Tribunal or Authority), with effect from 6th July 1974.

Also tribals have been prohibited from transferring their lands by way of gift, exchange, mortgage, lease or otherwise, without prior permission of the Collector, which in turn requires the approval of the State Government. Such permissions are required to be granted by the Collector only on satisfying the conditions prescribed by the Government in this regard. The Collector has to satisfy himself, that no other tribal from the same village or within a radius of 5 Kms. of such village is prepared to accept the tribal's land for the same consideration as offered by the non-tribals. The Act also provides that if any tribal's land is taken by a non-tribal, in contravention of the above restrictions then the Collector is empowered to declare such a transfer as invalid and the said lands, stand forfeited to Government free from with effect from the date of such declaration. Then the Collector has to re-grant such land to the original tribal land-owner(s) or his successor(s) in-interest, for personal cultivation. A nominal price up to 48 times of the assessment was to be charged. However, the total holding of such tribal, inclusive all of lands held by him as owner, tenant or lease should not exceed one economic holding, i.e. 16 acres of dry crop land. The non-tribal who has taken any land belonging to a tribal on lease after the 6th July 1974, with the permission of the Collector does not acquire a statutory right to the purchase of tribal land under the Tenancy Laws, as per this amendment. Such land is to be restored to the tribal (original owner), after the expiry of the lease/mortgage period. The law further provides that the land of a tribal should not be auctioned for recovery of Government dues; instead it should be taken under management and leased to a tribal.

(D) The Maharashtra Restoration of Land to Scheduled Tribes Act, 1974.

10. The Act provides for restoration of such tribals' lands, involved in legal and valid transfers including exchanges, affected between 1st April 1957 and 7th July 1974. Lands purchased or deemed to have been purchased by non-tribals during the above period under the provisions of the Tenancy Act (including acquisition of land regularized on payment of penalty under Tenancy Laws), are also covered by this Act. The Act has been with effect from 1st November 1975. Districtwise valid transfers of land, restored to Scheduled Tribal cultivators up to 1998-99 are shown in the following Table No. 4.1.

TABLE 4.1

Statement showing districtwise valid transfers of land restored to Scheduled Tribe Cultivators up to the year 1999-2000 (Position as on 15th October 2005)

Sources: Revenue & Forest Department, Mantralaya, Mumbai-1.

All these Acts have been applicable to all cases involving tribals in the State whether living within the Scheduled Area or outside. However, these provisions have excluded the land put to non-agricultural use by the non-tribal transferee, before 6th July 1974.

12. The administrative responsibility for the implementation of these legal provisions lies with the Revenue Department of the State Government. Detection of tribal land alienation cases has been entrusted to the Tahsildar of each tahsil. The Tahsildar have also been empowered to exercise the powers of the Collector under these Acts in the matter of enquiry and final disposal of cases in ordering restoration of the lands to the tribals. Appeals against the order of the Tahsildar lie with the Maharashtra Revenue Tribunal. The Collector supervises the work of the Tahsildars and takes a review of the progress made in his monthly meetings. The monitoring of work is also done by the Divisional Commissioners who have been empowered to undertake suo-moto revision of cases where appeals have not been filed in the Maharashtra Revenue Tribunal.

13. In order to enable the tribals to pay the compensation for the land restored to them, a scheme of financial assistance is being implemented. Under this scheme the tribals are given interest free loans, equal to 6 times the amount of assessment of the land, plus the value of improvements, if any. Loan is to be repaid in 12 annual installments. The remaining amount equal to 42 times the assessment is given as subsidy.

(E) Implementation of the Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006 and Rules 2008 in Maharashtra State.

Implementation of the act from February, 2008 in Maharashtra State. As per the provision of the Act, by end of March 2011 following statutory Committees have been constituted at various levels.

(a) Forest Rights Committees (FRCs)-	...	15,002
(b) Sub-Divisional Level Committees (SDLCs)	...	94
(c) District Level Committees (DLCs)	...	28
(d) Divisional Level Committees (DIVLC)	...	4
(e) State Level Monitoring Committee (SLMC)	...	1

Works done for Capacity Building and the Achievement so far

1	Total Number of Trainings organized	...	4,255
2	No. of Government Personnel trained (Revenue, Forest, Tribal, RDD, NIC, GPS/GIS operators etc.)	...	5,020
3	Number of Persons trained (Master trainers, member of F.R.C. etc.)	...	88,855

Use of GIS for implementation and monitoring.

1. 500 GPS are supplied by the TDD and out of these 499 GPS machines are distributed to districts for measurement of forest land claimed FR Act.
2. A 13 digit unique ID allotted to every claimant.
3. Web based online system of capturing and utilizing GPS Measurement put in place.
4. Online monitoring of GPS measurement is going on.
5. District Level Committees has given Satellite (Cartosat I) Imageries with GIS software. Collectorate staff trained to facilitate smooth processing and quick decision at DLC.

Institutional and Financial support established for better Implementation and Monitoring.

1. Forest Right Cell established in the TRTI, Pune with personnel on contract-honorarium basis.
2. One coordinator and one assistant coordinator appointed on contract-honorarium basis in each DLC and SDLC.
3. FRCs provided with the Person on honorarium basis (Rs.2000/- per month) for providing ministerial help.
4. A lumpsum amount of Rs. 5000/- per Panchayat / Forest Rights Committee for administrative expenses.
5. Rs. 4.00 crores spent in 2010-2011 on implementation.

The progress achieved as on 31/03/2011

1	No. of claims filed at Gram Sabha Level	...	3,34,943
2	No. of claims recommended by the Gram Sabha to SDLC	...	2,84,579
3	No. of claims recommended by SDLC to DLC	...	1,12,193
4	No. of claims approved by DLC for title Individual Claim – 1,03,150; Community Claims – 814)	...	1,03,964
5	Forest land of approved individual Forest Rights Claims – for cultivation :	...	400531.00 Acre.

(Maximum area admissible under individual claim is four hectare)

Action taken towards sustainability of Forest Rights and improve productivity of the Forest areas for livelihood support to the tribes:

1. Sustenance of FR is an important issue. Therefore, the State of Maharashtra has already taken initiative in the interest of both: the tribes and the forests. Hence, the Forest Rights Act, 2006 is being implemented in the state in its totality.
2. Workshops, meetings etc. are held on sustainability issues with stakeholders, like Forest, Tribal and Revenue Departments, local people and NGOs.
3. Forest Department requested to prepare participatory management programs with the Village Level Committees.
4. Tribal Development Department will provide funds.

II. Legislative Measures for Protection of tribal from Economic Exploitation

(A) The Maharashtra Tribals Economic Condition (Improvement) Act, 1976

14. This is another important of legislation for the protection of the tribals. One of the measures to bring about effective economic improvement of the tribals, is to protect them from exploitation by certain unscrupulous elements in society. To achieve this objective, the Act makes any lending made before the commencement of the Act, invalid void and *ab initio* and prohibits marketing of certain agricultural and minor forest produce in specified tribal areas by private agencies. The Act provides for suitable alternative arrangement in the Tribal Areas for marketing of such produce and providing the needs of the tribals through the State Government and other specified agencies.

Monopoly Procurement of Specified Items

15. The State Government has appointed the Maharashtra State Co-operative Tribal Development Corporation (TDC) as the 'Chief Agent' and the Adivasi (Tribal) Multi Purpose Co-operative Societies (ACSs) as its 'Sub-Agents', for the purpose of procurement of notified agricultural and minor forest produce from the tribals. The Maharashtra State Co-operative Tribal Development Corporation procures on monopoly basis 21 Agricultural & 31 minor forest produce, at about 581 centers spread over in the Tribals areas. In addition to this *vide* State Govt. Notification dated 12-9-1996 & G. R. dt 28 - 10 -1997 the Grass Procurement Scheme have been started in Mokhada, Jawhar Tahsil in Thane Distract in the year 1998-99. During the procurement season 1998 - 99 total 37. 156 M. T. Grass worth Rs. 0.24 lakhs have been purchased through 4 purchase centers. During the procurement season 2000-2001 total 77.13 M. T. Grass worth Rs. 8, 07,543/- have been purchased, in the year 2001-2002 no purchase of grass by Tribal Development Corporation.

The trading losses suffered by the M. S. Co-op. Tribal Dev. Corporation Ltd. were found to be continuously increasing from 1982 - 83 to 1984 - 85. However, a steep decline in these losses trend during the period 1985 - 86 to 1986 - 87 there was again increase in loss during period from 1987 - 88, 88 - 89 and profit 1990 - 1991 & 1991 - 1992 there was again a loss and since from 1992 - 1993 to 2001-2002 there has been continuous profit.

TABLE 4.2

17. The trading losses of the TDC were due to increase in transportation cost, high rents of godowns, natural losses, inadequate prices fetched in auctions, heavy bank interest, etc. High trading expenditure is a result of the scheme being operated over a vast and extensive rural area characterized by poor communication. Another reason for the losses is the small quantities of commodities tendered by the tribals, which make it difficult to maintain uniformity in the grade.

18. Another important feature of the Monopoly Procurement Scheme is peak in quantity in the year of 1986 - 87 to 2001 - 2002 as exhibited through the quantity of produce purchase by the TDC. The following figures in Table 4.3 of quantities procured to-gather with their value will show clearly.

TABLE 4.3

Year wise Procurement of food grains & Minor Forest Produce by the Maharashtra State Co-operative Tribal Development Corporation Ltd., Nasik.

Year	Quantity (in Qtls.)	Procurement value (Rs.in lakh)
1986-87	8, 66,900	1,535.05

Consumption Finance:

19. With the prohibition of private money-lending in the tribal areas, it is necessary to provide credit facilities to the tribals, for their development and consumption needs. Credit requirements for developmental activities are provided under various schemes including the Nucleus Budget. To meet the consumption requirements of the tribals, a scheme of 'Consumption Finance', has been in operation since 1978-79. For this purpose Government has created a revolving fund and made available total amount of Rs.8.00 cores. So Tribal Development Corporation under the scheme a beneficent family is eligible for a maximum loan of Rs. 400 holding 4 units or Rs 800/- up to 8 units of Rs. 1000/-, over & above 8 units in their family. The following table indicates the position of disbursement of consumption finance / loans and its recovery.

TABLE 4.4

Year-wise Consumption /Finance Loan distributed and its recovery

Year	No.of Beneficiaries (Nos.)	Loan/Finance distributed (Rs.in lakh)	Percentage of recovery
1988-89	13,651	20.07	30.90
1989-90	62,506	85.56	16.01

(B) Maharashtra Sales of Trees by occupants belonging to Scheduled Tribes (Regulation) Act, 1969.

20. This is one of the protective legislations administered by the Revenue and Forest Department. The Government thought it necessary to regulate the disposal of trees standing in the holdings of persons belonging to ST and to provide for matters connected therewith. It was a piece of legislation made for the benefit of tribals and also for safeguarding them against the exploitative practices of the private contractors dealing in forest produce.

21. Under the Act, the Forest Department demarcates the land of the tribal occupants with the help of the local Patwaris and draws up a detailed list of trees to be felled. The marked trees are felled, converted, transported to the Forest Sale Depot and subsequently sold through auction departmentally. After the confirmation of the sale in auction the occupant is paid the sale proceeds, after deducting the expenses incurred in connection with the sale. No supervision charges are levied and recovered by the Department. This measure enables the tribals to earn remunerative prices for their forest produce by eliminating unscrupulous middlemen/contractors.

(C) Debt Relief Act, 1975

22. Under the Maharashtra Debt Relief Act, relief was given to tribals by liquidating the outstanding loans and interest payable thereon for the following categories of persons :

(i) Small and Marginal farmers, rural artisans, rural labourers, industrial workers, etc., and those whose total income from all sources did not exceed Rs. 24,000 during the year, before 1st August 1975.

(ii) A worker whose total income from all sources did not exceed Rs. 6,000, if living in an urban area and Rs.4,800, if living elsewhere, during the year before 1st August 1975.

23. Tribal farmers were deemed to be small farmers irrespective of the extent of un-irrigated land cultivated by them, thereby placing tribals within the purview of the provisions of Maharashtra Debt Relief Act, 1975 with certainty.

(D) Bonded Labour

24. The Government of India has passed a legislation called the Bonded Labour System (Abolition) Act, 1976, which came into force with effect from 25th October 1975 (initially through an ordinance).

25. The Industries, Energy and Labour Department deals with the administration of Bonded Labour System (Abolition) Act, 1976. The responsibility of identification of the bonded labourers and their release from bondage lies with the Revenue and Forest Department. After the bonded labourer is made free and released, the work pertaining to rehabilitation of the bonded labourers is required to be done by the Revenue and Forest Department.

26. Vigilance Committees under the Act have been constituted in the districts of Thane, Nasik, Dhule, Nandura, Akola, Chandrapur, Bhandara, Aurangabad, Jalgaon, Amravati, Ahmadnagar, and Kolhapur, Nanded, Solapur, Sindhudurg and Melghat Sub-Division of Amravati district. In addition to their duty under section 13 of the Act, to identify, release and rehabilitate the bonded labourers within the areas of their jurisdiction, they are also to advise the District Magistrates for effective implementation of the other provisions of the said Act.

27. The Government, under Section 10 of the said Act, has also conferred powers and imposed duties on all the District Magistrates under the Act in their respective jurisdiction. In order to identify the offences under the said Act, the Government has also conferred the powers of First Class Judicial Magistrate, upon all the District Magistrates, Additional District Magistrates and Sub-Divisional Magistrates in the State, in their respective jurisdiction.

28. The rehabilitation of Bonded Labour is a Centrally Sponsored Scheme and the expenditure is borne by both the State and Central Governments on a 50:50 per cent basis.

29. The State Government *vide* its Resolution, Revenue and Forest Department No. RB-1083/2128/CR-100/R-4(A), dated 26th December 1983 constituted a Screening Committee for considering the problems regarding the rehabilitation of bonded labourers as per the directions of the Government of India. The said Screening Committee scrutinized three special schemes for the rehabilitation of freed bonded labourers and proposals were submitted to the Government for approval of the following schemes :

(i) Scheme of rearing goats (unit of 20 goats and 20 ducks);

(ii) Scheme of supply of two buffaloes; and

(iii) Scheme of Supply of a pair of bullocks and a cart. Immediately on release, every bonded labourer is required to be given an immediate help of Rs. 500 in kind.

30. The concerned Collectors had also been requested to take action for the rehabilitation of the bonded labourers in the light of the following rehabilitation measures :-

(1) The bonded labourers freed from bondage may be provided with a house site under the hut construction programme within a period of 3 months, and if in the meantime there is rainy season, the period may be extended up to a maximum of 6 months, even if his name does not appear in the 1971 Census of any other data base being used for this purpose.

(2) Most of the Government waste lands have been disposed off. However, as far as the distribution of surplus lands under the Maharashtra Agricultural Lands (Ceiling on Holdings) Act, 1961 are concerned,

vided labour being landless should be given top priority, even by relaxing the condition of distance of 8 kms. between his residence and the village where such surplus land is available for the purpose.

(3) On identification of bonded labourers, action for his rehabilitation should be taken without waiting for the conviction or otherwise of those who have kept them under bondage.

(4) The bonded labourers freed from bondage should be rehabilitated with the help of the on-going schemes i.e. Integrated Rural Development Programme, Employment Guarantee Schemes, TRYSEM, etc.

(5) The bonded labourers released from bondage may be provided employment urgently, under the Employment Guarantee Scheme or on any other work within a period of fifteen days.

(6) Admission in the Government Ashram Schools to the children of tribal Bonded labourers should be granted on priority basis.

(7) Wherever possible, Adult Literacy Classes should be started for released bonded labourers.

III Excise Policy

31. In the Maharashtra State following Areas have been declared as Tribal Areas.

Sr. No. (1)	Name of District (2)	Area (3)
1	Gadchiroli	Entire District (Excluding Municipal Area)
2	Thane	Mokhada Tahsil, Talsari Tahsil and Jawahar Tahsil (excluding Jawahar Municipal Area)
3	Nasik	Surgana Tahsil (excluding Municipal Area)
4	Dhule	Navapur Tahsil (excluding Municipal Area)
5	Amravati	Melghat Tahsil (excluding Municipal Area)

As per the welfare measures taken for these areas, commercial vending of alcoholic beverages in these areas has been discontinued. There are no foreign liquor or country liquor shops / Bars in these areas.

However, depending on the traditions and custom prevailing in the area, the Tribals have been permitted to use "Mahua Liquor" for personal consumption.

Continuous efforts are being made to keep away the Tribals from the habit of drinking alcoholic beverages, through various measures. The Non-Government Organization working for the purpose, are being given every possible assistance and help in their work. The Social Welfare Department of the Government organizes Seminars and shows to educate the Tribals about the ill effects of alcohol.

1. The same excise policy is continued by the state. There is no change in policy.
2. However, tribal people are benefitted with toddy license as fixed license fee is issued in tribal areas.
3. There is no exploitation of tribals as there is no sale of liquor in this area.

IV Displacement of Tribals

32. The main cause for the displacement of tribals is the major and medium irrigation projects taken up in the tribal areas.

33. The State Government has enacted a special legislation known as the Maharashtra Re-settlement of Project Affected Persons Act, 1976 which came into force from March 1977. The Act provides for the granting of alternative wet lands on a prescribed scale in the benefited zone, to the project affected persons, whose lands have been acquired for the projects. Similarly, the persons whose houses have been acquired for the project are granted housing plots in the new villages, where incontinence amenities such as internal roads, schools, water supply, electricity, etc., are provided. In order to enable the housing plot allotted to construct houses, they are granted loans at a reasonable rate of interest and the loan is to be repaid in 20 equal installments.

34. No distinction is made between tribals and non-tribals as far as the grant of relief are concerned. There is also no separate monitoring of resettlement of the project affected tribals. Hence a separate assessment of the progress of rehabilitation of the project affected tribals is very difficult.

In a large number of cases the tribals of Scheduled Areas are rehabilitated outside the Areas and they do not get all the concessions available to them in the Scheduled Areas. The question of providing necessary protection to displaced tribals may be considered.

35. According to the provisions of the Act, a displaced person is required to deposit 75 per cent of the compensation received for his cultivable land which has been acquired for the project. It is understood that due to various difficulties including the fact that the place when they would be provided with alternative land is not known to the tribals at the time of receiving compensation most of the tribals are not willing to deposit 75 percent of the compensation. Hence, many of the projects affected tribals become landless in the process of displacement due to acquisition of their lands.

V. Payment of Minimum Wages

36. As far as the occupational structure is concerned, a considerable part of the tribal population is engaged in (a) Agriculture, and (b) Forestry Operations. In addition to these two sectors, tribals are also employed in various development projects like road works, irrigation projects, etc. While minimum wages have been fixed in respect of most of the employment where tribals are employed in sufficient numbers, no such minimum wages rate has been fixed in respect of the Forestry Operations, where a large majority of the workers are tribals. It is, therefore, necessary to include Forestry Operations in the Schedule Areas and fix minimum wages for this purpose.

37. The PO, ITDP is declared as Inspector of Minimum Wages considering the need to strengthen the Administrative machinery.

38. The administrative machinery for implementation of the Minimum Wages Act seems to be inadequate to effectively cover the inaccessible and far-flung tribals areas. It is, therefore, necessary to strengthen the administrative machinery further for its implementation in the tribal areas. The problem of conferring powers of inspection on the officials of the Tribal Development Department such as Assistant Project Officers of the ITDPs and Tribal Development Inspectors under the Minimum Wages Act may be considered.
